IMF GIVING PAK TOUGH TIME AMID CRISIS: SHEHBAZ SHARIF

The conditions that the Fund wants Pakistan to meet are 'beyond imagination', the Pakistan prime minister said

$7-BILLION ASSISTANCE BEING REVIEWED

Sharif added that Pakistan will fulfil the conditions, but refused to divulge more details. The IMF mission led by Nathan Porter is in Islamabad to hold talks with the Pakistan side headed by finance minister Ishaq Dar for the review of the $7-billion assistance package. Experts say Pak's forex reserves have fallen to $3.09 billion, which would cover just around 3 weeks of imports

FOCUS ON FISCAL CONSOLIDATION

- According to reports in local media, the IMF wants clear action to bridge the daunting fiscal gap between 2 and 2.5 lakh crore rupees
- Pakistan has agreed to increase petroleum prices and allowed a market base exchange rate but that seems too little and too late as the IMF wants more measures to increase revenues

US bars eye drops import from Chennai pharma unit

EXPRESS NEWS SERVICE @New Delhi

THE US Food and Drug Administration (FDA) has restricted imports of products by Chennai-based Global Pharma after its eye drops were linked to an outbreak of "extensively drug-resistant" bacteria across 12 states in the US, which reportedly infected 55 people and led to the death of one person.

After the FDA asked the company to recall its eye drops sold under the brand names EzriCare or Delsam Pharma, Global Pharma said it has voluntarily recalled them. These eye drops are not sold in India.

Teams from the Central Drugs Standard Control Organisation (CDSCO) and Tamil Nadu Drugs Control Department are on their way to inspect the plant in Chennai. Officials said it is a contract manufacturing plant supplying through others to the US market. V P Vijayalakshmi, Director in charge of Drugs Control, said details about the unit will be known after the inspection.

This is the third incident of India-made drugs being linked with reported deaths abroad since last October. Earlier, the World Health Organization (WHO) had issued medical alerts twice for India-made drugs linked to alleged deaths of 66 children in The Gambia and 18 children in Uzbekistan.

Soon, SC to have five more judges

SHRUTI KAKKAR @New Delhi

THE strength of the Supreme Court could go up from 27 to 32 within the next few days as the Centre on Friday informed the court that the warrants of appointment of five judges recommended by the collegium could be issued by Sunday.

"It is happening. The five warrants of appointments are being issues. It goes to the President by evening. They will be issued," Attorney General R Venkataramani told a bench led by Justice S K Kaul.

On December 13, the Supreme Court collegium had recommended the elevation of Pankaj Mithal (Rajasthan HC Chief Justice), Sanjay Karol (Patna HC CJ), P V Sanjay Kumar (Manipur HC CJ), Ahsanuddin Amanullah (Patna HC judge) and Manoj Mishra (Allahabad HC judge) as SC judges. P10

Bengaluru has high levels of radioactive radon: IISc

EXPRESS NEWS SERVICE @Bengaluru

INDIAN Institute of Science (IISc) researchers have found hazardous radioactive radon to be present in air and water in the outskirts of Bengaluru, especially where granite mining is on the rise. Radon particles, when ingested, can get trapped in the lungs and over time increase the risk of lung cancer.

According to experts, radon derives naturally from uranium through radioactive transformation, as it undergoes radium decay before it is transformed into a chemically reactive atom.

Radon is found to be 1000 micrograms per litre against the permissible limit of 30-60 grams per litre in parts of Bengaluru as per the initial studies by the researchers. This finding has now made them put the study of radon in water on the top of the priority list.

Presence of radon in air and water leads to damage of lung tissues, threatening cancer of the lungs while presence of uranium affects the urinary tract, leading to kidney cancer.

As radon comes naturally from uranium, the researchers realised uranium content could be high too. They found high content of uranium in groundwater, in the outskirts of Bengaluru, including Chikkaballapur, Kolar, Chintamani and Pavagada.

Researchers said the level of uranium is found to be up to 8000 micrograms per litre in water against the permissible limit of 60 micrograms per litre, in some parts of city outskirts. In Chikkaballapur, Kolar and Chintamani it ranges from 5000-6000 micrgrams per litre. "The measure of radon is being studied as it is a matter of concern" Srinivasan said.

Radon in air is not a major matter of concern if the area is well ventilated. It should not accumulate indoors, said Prof R Srinivasan, from Divecha Centre for Climate Change (DCCC), IISc. He was speaking to the *The New Indian Express* on the sidelines of the first day of the two-day-long training programme for health professionals on 'Health In a Changing Climate: Empowering Health Professionals' at IISc, Bengaluru. RBI, govt bid to calm nerves on Adani stock

Dow Jones to drop scrip from sustainability index; Moody's sees impact on fund raising

SACHIN KUMAR @Mumbai

WITH the Adani group saga still unravelling, the regulators and the Centre on Friday came up with clarifications to calm investors' frayed nerves.

While the Reserve Bank of India sought to allay the concerns about lenders' exposure to Adani Group saying the banking sector remains resilient and stable, Union finance minister Nirmala Sithraman reiterated that the exposure of State Bank of India and the Life Insurance Corporation is within limits.

Sitharaman said in a television interview that government-owned financial institutions do not have overexposure in Adani group stocks.

On LIC's exposure, the finance minister said even with valuations falling, the company is still sitting on profits.

SBI chairman Dinesh Khara also chipped in, clarifying that the bank's exposure to Adani group is only 0.88% of its total loans, or ₹27,000 crore, while Bank of Baroda said its exposure is one-fourth of the permissible ceiling.

However, there was no respite for Adani as bad news kept pouring. Credit rating agency Moody's said the recent sell-off in Adani shares could reduce the group's ability to raise capital and that it is assessing overall financial flexibility, including liquidity position of Adani firms.

Taking a harsh stand, S&P Dow Jones Indices said it would remove Adani Enterprises from the widely used sustainability indices on February 7, making the shares less appealing to environment-conscious investors.

In another blow to the Indian conglomerate, S&P Global Ratings revised its outlook for Adani Ports and Special Economic Zone and Adani Electricity from 'stable' to 'negative'.

However, the Gautam Adani-led group found backing from Fitch Ratings, which said there is no immediate impact on the ratings of Adani entities and their securities.

On Friday, shares of Adani Enterprises recovered after hitting a fresh 52-week low of ₹1,017.45 on the NSE.

Meanwhile, amid Opposition parties' clamour for a Joint Parliamentary Committee probe, Union minister Pralhad Joshi said on Friday that the government has nothing to do with the Adani issue.

India has a stable government and a well-regulated financial market. Our regulators are very stringent about governance practices. One instance is not indicative of how well markets are governed

General audit by 'big four'

In a bid to intill confidence among investors, Adani group said it will appoint one of the 'big four' global accounting firms to conduct a general audit of its business. Meanwhile, Fitch Ratings, which said there is no immediate impact on the ratings of Adani entities and their securities

UPPING PASS %

Reduce SSLC pass marks from 28 to 20: Panel to govt

ASHWINI M SRIPAD @Bengaluru

WITH an aim to increase the pass percentage in SSLC examination, the Karnataka Administrative Reform Commission - II has recommended to the state government to reduce passing marks in theory exams from the present 28 marks to 20 marks out of the total 80 marks.

The panel, headed by former chief secretary TM Vijay Bhaskar, submitted its fourth and fifth reports to CM Basavaraj Biommai on Friday. According to the Commission, the Gross Enrolment Ratio of children getting admitted to Pre-University (PU) classes is lowest among all south Indian states. One of the main reasons for this is students failing in SSLC exams. "When other children from other states can do better, why not our children," Vijay Bhaskar told TNIE, who submitted 1,609 recommendations to the CM. The report pointed out that a large number of students belonging to the SC/ST fail in SSLC exams which add to the overall low pass percentage. P4

50% discount: On Day 1, traffic dept gets richer by ₹5 cr

EXPRESS NEWS SERVICE @Bengaluru

A DAY after the Transport Department decided to offer a 50 per cent discount to those who voluntarily pay penalties for traffic violations, as many as 2,01,828 violations were cleared and Rs 5,61,45,000 collected till 9 pm on Friday. The servers of the traffic police department crashed due to the heavy rush. Servers of Paytm and BangaloreOne had also started to slow down.

A large number of people thronged the Traffic Management Centre on Infantry Road and various traffic police stations to avail the discount. The traffic police said they have about 2.3 crores of traffic challan cases pending. Special Commissioner, Traffic, M A Saleem on Friday told TNIE: "Notices were pending since the last 5-6 years with people and they were not responding. The decision of offering a one-time discount was an initiative of the Transport Department and Karnataka State Legal Services Authority." Saleem said that last year Rs 180 crore was collected as penalties. Saleem added that 61,000 violations were cleared at police stations by people. Most of the penalties are for signal jumping, riding without helmet, driving in one-way and wrong parking.

The city traffic police have released the fare chart of the discounted fine amount for 44 different types of traffic violations following the Transport Department's notification. Motorists can pay the fine either by visiting their nearest traffic police stations, at Transport Traffic Management Centres, Karnataka One website (https://www.karnatakaone.gov.in/), Paytm or even by logging on to the BTP website (https://btp.gov.in/) P3

Traffic claims Nimhans-bound toddler's life

EXPRESS NEWS SERVICE @Bengaluru

IN a tragic turn of events, a one-and-a-half year old girl who was being rushed to Nimhans, died mid-way as the ambulance in which she was being taken got stuck in a traffic jam in Nelamangala. The girl had sustained head injuries in a road accident in Tiptur and was being rushed to Nimhans.

The driver of the ambulance, Madhusudan, was grief-stricken over how a 20-minute delay due to heavy traffic on the busy Bengaluru-Tumakuru Main Road claimed the life of the little girl on Thursday around 9.30 pm.

The girl, Huda Kausar, was a native of Tiptur in Tumakuru district. The accident happened when she along with her parents Ahmed and Ruksana, fell from the bike on which they were travelling after it was hit by an SUV at Kaimara in Tiptur.

Kausar, who was sitting in the front, sustained serious head injuries. Passersby shifted all three to a hospital in Tiptur and from there to Hassan Institute of Medical Sciences. Doctors at the Hassan hospital advised them to take the girl to Nimhans as Kausar's condition was extremely critical.

The ambulance reached Nelamangala from Hassan in an hour but got stuck in traffic near Goraguntepalya for nearly 20 minutes.

"The kid's condition worsened after the ambulance got stuck in traffic. The girl could not get treatment in the golden hour. Although she was being taken to Nimhans, she had to be rushed to a private hospital next to Yeshwanthpura Metro Station in Goraguntepalya as her condition worsened. Unfortunately, she succumbed to her injuries," Madhusudhan told the media. Members of All Karnataka Ambulance Road Safety Group said they were unable to clear the road for traffic inside the city as there were no alternative routes to divert traffic.

Teachers' list junked: Parents' details to be considered

HC declines to accept govt's contention that only caste and income of spouse be considered for appointments to teachers' posts

EXPRESS NEWS SERVICE
@Bengaluru

DECLINING to accept the contention of the state government that only caste and income of the spouse be taken into consideration for appointments to teachers' posts, the Karnataka High Court held that the action of the selecting authority, the Deputy Director of Public Instructions (DDPI) who has taken caste and income of the husband for appointing teachers, is contrary to law.

Justice M Nagaprasanna passed the order while directing the selecting authority to consider the applications of the petitioners, based on caste and income certificates of the parents and not their spouses, and as belonging to the respective categories against which they have applied.

Akshata Chougala and 20 other female candidate-petitioners applied for the posts of Graduate Primary Teachers for Classes 6 to 8 for 2022, along with caste and income certificates of the father, but were treated as general merit candidates. The petitioners were entitled to reservation under Category 2A, 2B, 3A and 3B, which forms the chunk of reservations under Other Backward Classes (OBC). They challenged being treated as general merit candidates on the ground that they were married.

Allowing the petition, the court said, "The provisional select list insofar as it relates to the petitioners being brought under the general merit category is quashed. The petitioners shall be treated as belonging to the categories to which they had applied, qua the caste and income certificates appended to the applications..."

The certificates were in tune with the law. The DDPI has interpreted the law according to a government order dated December 12, 1986, to contend that once the daughter gets married, the income of the spouse will have to be considered for caste and income certificate, and not that of the parents.

The state had contended that once the daughter gets married, she loses being dependent on the parents, which the court rejected.

TRANSFERS ANNOUNCED WITHIN EDUCATION DEPARTMENT

The School Education and Literacy Department has announced several transfers, including at the District Institutes of Education and Training (DIETs). Though the announcement comes as the education department is considering cutting staff at DIETs, School Education and Literacy Department Principal Secretary Ritesh Kumar Singh said the transfers and staff cutting are unrelated. "The transfers that have been announced are routine, requested by the officers and lecturers. Meanwhile, the issue of cutting staff at DIETs is still under consideration. While there have been a few meetings, a decision has still not been reached," he said. Currently, the department is considering cutting staff by as much as 70 per cent at the institutes, which would mean that each DIET would consist of one principal, four senior lecturers and four lecturers.The department announced 21 transfers within the department of several education officers. These include several DIET lecturers and senior lecturers, as well as officers from different programmes headed by the department, including the midday meal scheme.

LOW PRESSURE

Expect two days of colder temp: IMD

EXPRESS NEWS SERVICE
@Bengaluru

THE India Meteorological Department (IMD) has forecast a drop in maximum and minimum temperatures for two days due to the presence of a well-marked low pressure over the Comorin Bay.

The officials said that there was a depression over Sri Lanka two days ago, which has now become a well-marked low pressure area. So the maximum temperature is now hovering around 27 degrees Celsius, against that of 29-30 degrees Celsius, over south interior Karnataka last week. They added that because of the system, the sky is cloudy.

They also warned that the maximum temperature during summers will be around 37 degrees Celsius. They added that it was too early to forecast if the summer heat will be above normal, as there was little or no biting cold winter chills. The officials said that thundershowers were not being ruled out from the end of February till April.

Heavy traffic no reason to delay Ballari Road work, HC tells BBMP

EXPRESS NEWS SERVICE
@Bengaluru

THE Karnataka High Court said that Bruhat Bengaluru Mahanagara Palike (BBMP) cannot be permitted to cause an inordinate delay in the widening of Ballari Road, from Mehkri Circle to Cauvery Junction.

"We expect that senior officers of BBMP shall personally look into this aspect and take appropriate care to see the road widening work is not delayed for some unjustifiable reason or excuse," the division bench of Chief Justice Prasanna B Varale and Justice Ashok S Kinagi said, while hearing the public interest litigation filed by Samarpana Cultural and Social Organisation.

Heavy traffic

The court passed the order after going through the report filed by BBMP, stating that there is a possibility of some delay in widening the road, than the stipulated nine months, due to certain difficulties such as heavy traffic, but the delay is unintentional and for bonafide reasons.

The court observed that though it can be said that work is in progress and necessary steps are being taken, at the same time, one cannot lose sight of the fact only on the count of heavy traffic on the road.

BBMP can explore various means and ways to see that road widening work gets an appropriate pace and speed, and is not delayed on some excuse or lethargy, either at the hands of some officer or executing agency, the high court added.

It also directed BBMP to file a further progress report on work after four weeks, indicating that there is periodical supervision and check on ongoing work by responsible senior officers.

We expect that senior officers of BBMP shall personally look into this aspect and take appropriate care to see the road widening work is not delayed for some unjustifiable reason or excuse — HC division bench

Firms dither, no clarity on Metro stns along KIA line

S LALITHA @Bengaluru

WITH private companies unable to make up their minds on the need for a Metro station in their vicinity on Metro's Airport Line, there is still much confusion on the exact number of stations on this crucial line. The BMRCL MD and other officials will hold a round of discussions with company officials on the issue on Monday.

The 38-km line between KR Puram and Kempegowda International Airport Line (KIA) was approved in June 2021 by the state cabinet, with 17 stations dotting the stretch. However, the demand for additional stations enroute has come from various quarters.

A top Metro official said that since the State and Centre had already approved the line and its project cost, they could not fund additional stations. "Anyone requiring a station in their vicinity to boost footfall or economic prospects will have to fund it on their own. An elevated station roughly costs Rs 140 crore, including land costs," he explained.

Bangalore Metro Rail Corporation Limited (BMRCL) had deliberately opted for only five stations between Yelahanka and KIA so that those heading to the airport should not be delayed with too many stoppages, a top official said.

BMRCL had, in December 2022, announced the dropping of Bettahalasuru Metro Station (proposed between Doddajala and Bagalur Cross) after Embassy Group, which had signed an MoU to fund it for Rs 140 crore in April 2020, expressed its inability to do so. "However, Embassy came forward again two weeks ago, and expressed its keenness on having the station," a source said.

"They have not offered any funding up to now, and nothing can be done unless they agree to pay," he added.

Residents of Chikkajajur had demanded a station to cater to their residents, and BMRCL had agreed, deciding to have it instead of Bettahalasuru, another official said. The proposal is still awaiting approval from the State government.

Meanwhile, the Jakkur

Plantation station (between Yelahanka and Bagalur Cross) which was to be funded jointly by two real estate concerns -- Bagmane Group and Century Group -- continues to hang in the balance. Companies located on the opposite side of the road want separate entries to the station from their premises.

"Both agreed to offer their land for free. This will reduce the station cost to Rs 120 crore, and they agreed to share construction cost. Bagmane is willing to fund its part, but Century is not showing much interest now. Bagmane's position is that it would not be able to bear the full cost on its own," the official explained.

'Tour Fair' of Adigas Yatra begins in Bengaluru

ENS @Hubballi

CELEBRATING 29 years of service in the tourism industry, popular tour organiser Adigas Yatra has organised a 'Tour Fair' in Bengaluru from Friday. The company's brochure for the year 2023 has been recently released by the Home Minister of state Araga Jnanendra.

The Tour Fair has been arranged in Bengaluru on a request of the company's customers. The fair will be held till February 9.

No further studies on radon: Officials

CONTINUED FROM P1

DR H Paramesh, World Health Organisation (WHO) consultant and professor at DCCC, also confirmed that initial studies have found radon in some places like Chikkaballapur to be 1,000, against the permitted levels of 30- 60 micrograms per litre.

Interestingly, while some officials at Ground Water Board, now retired, had studied the presence of Radon in water, present working officials admitted that they have not taken up further studies on it.

Srinivasan said attention was also being paid on how to dispose of the treated water which also has high content of Uranium.

He said studies on water of reverse osmosis (RO) has found to be having high content of Uranium and has been a matter of concern.

Meanwhile, researchers also said that Uranium comes from minerals like bitumen, and zircon, monazite, among others.

Daily Starscope

PETER VIDAL

04TH February: Today's planetary patterns bring Venus, planet of love and Pluto, symbol of deep change, together in a very interesting pattern indeed. It's the sort of day which shakes up our relationships and people who are ready could be about to fall in love without warning - or out of love, for that matter!

ARIES (Mar 21 - Apr. 20)
You could soon be ready to make your move - at last. Your stars are adopting a position which is frankly more favourable than for some weeks, and the best thing you can do is to be young-at-heart, spontaneous and ready to take off at a moment's notice.

TAURUS (Apr. 21 - May 21)
The Sun and the Moon have both recently come to your aid, and you should be set up for a very positive future. Today's stars put the accent on domestic affairs, so family relationships should come first, and people you live with will be hogging the limelight.

GEMINI (May 22 - June 21)
Short journeys beckon, so you may accept any invitations that take you away from home. Mind you, they're as likely to be for business as for pleasure. If you are waiting for someone to get in touch, wait no longer. Take the initiative, make the first move and never doubt yourself.

CANCER (June 22 - July 23)
You may feel the need to be a little more secretive than usual, yet without being deceptive or manipulative. Your romantic stars are at a height, and even the slightest change will find you feeling much more sensitive than usual. Still, it's good to be in touch with your emotions.

LEO (July 24 - Aug. 23)
This is certain to be a time of emotional ups and downs, with an emphasis on the ups. However, only determined action will shift a log-jam to do with work, or resolve deep-rooted irritations at home. First of all, though, you need to work out what partners really want.

VIRGO (Aug. 24 - Sept. 23)
Dream on. Your imagination should be at its peak, which means that there could be extra worries, but that you should also emphasise all the positive angles in your life at the moment. Concentrate on the ethical issues, and raise moral standards all round.

LIBRA (Sept. 24 - Oct. 23)
Some sort of financial crisis is looming, so fancy footwork will be necessary if you want to avoid bad feeling and save yourself some of your hard-earned cash. If you're in the housing market, or otherwise contemplating large domestic purchases, follow a hunch.

SCORPIO (Oct. 24 - Nov. 22)
Watch out for emotional squalls, and be aware of the extent to which you may be responsible for any ructions. This doesn't mean that you've done anything wrong, but there may be things which you have left undone, which in their turn have left someone else high and dry.

SAGITTARIUS (Nov. 23 - Dec. 22)
Your imagination may lead you a merry old dance, and feelings like resentment, jealousy, anger and the desire for revenge are lurking. However, first you should make a fair and reasonable assessment of the situation. Let the facts speak for themselves.

CAPRICORN (Dec. 23 - Jan. 20)
Seldom have your stars looked more passionate - at least not for a month or so! Such feelings will of course have intense repercussions for your romantic affairs, but will also influence other areas of your life. Adopt a bold and colourful approach.

AQUARIUS (Jan. 21 - Feb. 19)
You are much stronger than you think, and even apparently disastrous developments will turn out in your favour. You must pay special attention to partners who are swept by feelings they can't understand - and don't tangle with authority, either!

PISCES (Feb. 20 - Mar 20)
You are likely to get very concerned about ethical issues, but you're also liable to jump to conclusions and mi-sunderstand what is really going on. Say your piece, but be a good listener. If partners know that you're giving them due attention, they'll respond in kind.

The SP also said the postmortem report has confirmed that there was no sexual assault

Two cops dismissed for extorting money from couple near Manyata

Departmental inquiry revealed they took ₹1,000 from a couple

EXPRESS NEWS SERVICE @ Bengaluru

TWO policemen who extorted money from a couple walking home on December 8 near Manyata Tech Park have been dismissed from service. Rajesh, head constable, and Nagesh, constable, are attached to the Sampigehalli police station in the North East division. Immediately after the incident came to light, the duo was kept under suspension pending departmental enquiry. The departmental inquiry found out that they had extorted Rs 1,000 from the couple through UPI.

Anoop A Shetty, DCP (North East) told TNIE that both the policemen were dismissed from service on Wednesday.

After the victim tweeted about the extortion, the Bengaluru city police had tweeted on its official handle stating that both the policemen have been suspended and the Bangalore City Police will not tolerate deviant behaviour from its staff.

Karthik Patri, the victim, had tweeted about how both the policemen extorted money from him and his wife. The couple was returning home from a friend's house when the policemen in a Hoysala patrolling vehicle threatened them with dire consequences by asking the purpose of walking on the road at midnight. The couple reside behind Manyata Tech Park. The couple even accused the policemen of asking about their relationship, family details and where they worked. The policemen had told the couple that they were not allowed to roam on the road after 11pm. The two policemen initially demanded for Rs 3,000 and later agreed for Rs 1,000 as Patri's wife started crying.

Now both the policemen having been dismissed from government service will not be able to apply for any other government job. Even they will have difficulties in getting jobs in private sectors as they will not be getting police clearance certificates.

The victim identified as Pradeep Asamvar had come for his interview on January 11. The accused after taking him in a car had extorted Rs 6.18 lakh from him. The accused made the victim make UPI payments to other bank accounts.

Tiger attacks cattle again in Kodagu

ENS @Madikeri

TIGER menace in South Kodagu continues to worry residents with many cattle falling prey to the attacks across the district. Two cow were killed in nearby villages of Ponnampet taluk in a span of two days, even as the villagers had earlier demanded the authorities to capture the tiger.

On Friday morning, a cow at Rudraguppe in Mayamudi Panchayat limits of Ponnampet taluk was killed by a tiger. Just about 20 km away from this spot, a tiger on the previous day had claimed the life of a cow in a village.

It is not yet determined if both the cows were killed by the same tiger.

Techie held for blackmailing, raping women

BENGALURU : A software engineer of a reputed company has been arrested on charges of blackmailing and raping women after coming in contact with them by creating fake Instagram accounts. The accused has been identified as Dilli Prasad, 26, a native of Andhra Pradesh. He would promise women of getting them jobs in software firms and convinced them to share their private photos and videos with him. He would then blackmail them with the private content and would force them to have sex with the persons whom he sent. He would again film the victims having sex and was raping them. He is alleged to have sexually assaulted three women. The accused also had the private photos and videos of many more women on his mobile phone. Prasad has been in Bengaluru since 2018. The accused was also extorting money from the victims. One of the victims filed a complaint against him in the South-East police station on January 26. The accused has been booked for rape and other sections of IT Act. ENS

Skeleton found hanging from tree in Hulimavu

BENGALURU : The skeletal remains of a person was found hanging from a tree, causing panic among residents of Akshay Nagar in Hulimavu police station limits. The police are suspecting that the body could be of a woman as there was a women footwear near the body. The police suspect that the person must have died by suicide six to seven months back. The skeletal remains have been sent to FSL for DNA analysis and other concerned tests. The body went unnoticed as it was at a vacant land spread over 15 km with lots of bushes and trees. The police have also found a necklace in the skeleton. In July, last year, a woman from Nepal had gone missing and her husband, who is a labourer, had filed a missing complaint in Hulimavu police station. The woman would leave home and go on a few occasions after fights with her husband. The police are suspecting that the skeletal remains must be of the same missing woman. The police are also checking the details of other missing persons over the last six months. ENS

Other recommendations

1. Severely malnourished and moderately nourished children can be give 5 eggs a week, instead of the existing 2
2. Bifurcate women and child directorate as child development directorate and women empowerment and development directorate
3. KPSC members, including chairperson, can be reduced to 8 members from the existing 14
4. Creation of 30 posts of KAS-rank deputy commissioner in BBMP, to coordinate with other civic agencies
5. Finance dept may provide separate budgetary head of account, with allocation for housekeeping and cleanliness expenses for schools, colleges and hospitals
6. District sports authority and district sports development fund may be established in districts to collect Corporate Social Responsibility funds and develop sports

EXPRESS NEWS SERVICE
@ Bengaluru

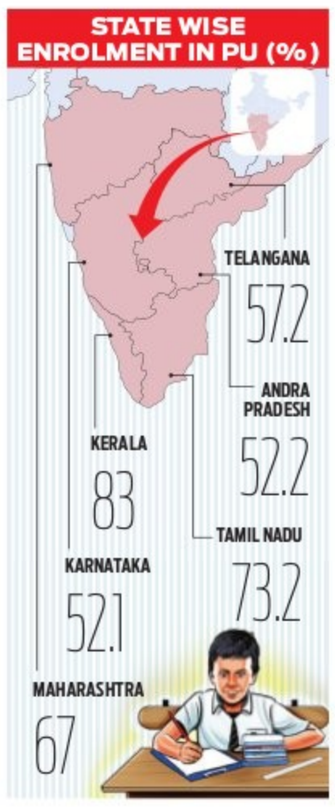
IN order to bridge the demand gap for nurses, the Karnataka Administrative Reforms Commission-II, headed by former Chief Secretary TM Vijay Bhaskar, has recommended that the state government start nursing colleges with 20 nursing seats for General Nursing and Midwifery (GNM) or B.Sc nursing course, and paramedical courses with 10 paramedical seats at the 100-bed taluk government hospitals.

The panel report points out that as an interim measure, BSc Nursing and MSc Nursing staff working in taluk hospitals can be deputed to the college to work as faculty, while continuing to work in the hospital. This will enable taluk hospitals to improve patient care with the help of trainee and interning nursing students, and also provide additional nursing seats and jobs for rural students.

It also pointed out that some states have set up Nursing Directorates to strengthen the contribution of nursing and midwifery to healthcare, as a profession and for formulating equitable and fair policies.

"The involvement of nurse midwives in policy/decision-making levels would help reduce policy-practice gaps in the healthcare system, and contribute to achieving accelerated reduction of MMR and IMR. The Union Health and Family Welfare ministry, too, recommended the formation of Nursing Directorates in states in 2017. A Nursing Directorate in the state can be established and a post of Joint Director Nursing can be created," it recommends.

The panel also recommended a special Nurses Human Resource Management System, a technology-based platform for maintaining a live nurse and midwives' register, by the health and medical education departments.



Merger of schools recommended

CONTINUED FROM PAGE 1

THE panel has also recommended introduction of internal assessment for SSLC and PU students on the lines of neighbouring states. It said multiple choice questions (MCQs) in SSLC and PU exams for 15 marks in science subjects and 20 marks in social science and languages. The report also highlights the dropout rate of students between first PU and second PU classes.

Apart from this, the panel has recommended merger of lower primary schools, higher primary schools and high schools located within 100-metre radius. "Presently, there are thousands of schools in different buildings within 100-metre area. Students who finish lower primary schools and want to join higher primary schools have to obtain transfer certificate and then take fresh admission. In this process, there are chances of students dropping out. We are not recommending closure but merging of two schools which will help students to study without any hindrance"

LCA TEJAS FLIES HIGH OVER AERO INDIA 2023's EXPORT PUSH

NIRAD MUDUR
Deputy Resident Editor, Karnataka
niradgmudur@newindianexpress.com

The biennial Aero India event is round the corner again. But this time, there is a difference. Apart from being expected to be the biggest ever, the five-day event's 14th edition will feature a marked change in direction of its purpose when the curtains lift on the event at Air Force Station Yelahanka in Bengaluru on February 13. Hitherto, imports took centre-stage, but this time it will swing towards looking for export markets for India-made defence products. The event's theme this time justifies that intent — "The runway to a billion opportunities". It is about taking off, not landing. In other words, the focus will be on Indian defence products to be marketed abroad. And the star product in the Indian stable is the 'Karnataka-born' Light Combat Aircraft (LCA) Tejas.

Experts have vouched for LCA Tejas' superiority over China's JF-17 and FA-50 Fighting Eagle, the lightweight supersonic fighter designed and developed by South Korea's Korea Aerospace Industries (KAI) and US' Lockheed Martin. The latter is a variant of the T-50 aircraft, a multirole fighter that is South Korea's first indigenous fighter and supersonic trainer aircraft. Some Indian defence experts, with an eye on the export market, are also pitting in favour of LCA Tejas when compared with US' F-16 Fighting Falcon, highlighting the former's higher flight ceiling and speed, besides its capabilities of firing beyond-visual-range missiles like Astra and Python.

So far, at least seven countries have shown varying interests in the LCA Tejas — Australia, Egypt, the USA, Indonesia, the Philippines, Argentina and Malaysia.

It took the 1983-launched LCA project 33 years before joining the Indian Air Force as No 45 Squadron, based at Sulur Air Force Station, Coimbatore

But none has sealed a deal so far, and the field is not without competition. Argentina, the first Latin American country to evince interest in LCA Tejas, is now being attracted by second-hand F-16s from Denmark. A high-level Argentine Air Force delegation, after expressing interest in LCA Tejas (estimated to be $42 million per aircraft), visited Denmark in November 2022 in pursuit of the F-16s.

Malaysia is also being wooed by the Turkish Aerospace Industries (TAI) with its Hurjet, also a light combat aircraft like LCA Tejas, although it is still under development with its first flight scheduled only next month.

The Defence Ministry and organisers have, this time around, restructured the Aero India 2023 events with an eye on increasing defence exports. The Defence Ministers' Conclave themed "Shared prosperity through enhanced engagement in Defence" (SPEED), a CEOs Roundtable and separate start-up events for start-ups and signing of MoUs, are all structured with an export push and forging partnerships rather than merely import of weapons and equipment.

At Air Force Station Yelahanka, a separate 'India Pavilion' with a theme of "Fixed Wing Platform" has been planned during the five-day event to showcase the country's strides in the fixed-wing aircraft category and the future prospects in the field. A full-scale LCA Tejas aircraft in Final Operational Clearance (FOC) configuration will be on display at the India Pavilion. Besides, there will be flight displays to wow the spectators, many among who will be delegations of prospective buyers.

It took the 1983-launched LCA project 33 years before joining the Indian Air Force as No 45 Squadron, based at Sulur Air Force Station, Coimbatore. The No 18 Flying Bullets was the second LCA Tejas squadron, also at the same IAF base, in May 2020, with four planes from the serial production line of the FOC aircraft.

The maiden demo flight of LCA Tejas was on January 4, 2001, in Bengaluru. That aircraft was designated as KH01 after the initials of the aircraft's chief designer and then programme director of the Light Combat Aircraft, Dr Dr Kota Harinarayana.

A little over four decades after the birth of the project, LCA Tejas flies on optimistic grounds towards the hope of scoring its first export order. Happy landings!

This unique programme aims to improve Yadgir dist's SSLC rankings

RAMAKRISHNA BADSESHI
@ Kalaburagi

THE Yadgir administration is striving hard to improve the district's performance in this year's SSLC examination. The district stood at the 33rd spot in 2021-22 SSLC results.

Yadgir Deputy Commissioner Snehal R, who was previously Director of PU Education Board, has launched a programme '*Hejjegondu Daari*' (There is a way for each step) which is said to be first-of-its-kind in North Karnataka, including Kalyana Karnataka.

Under the programme, Snehal invites 20 SSLC students of different schools of the district every Thursday and guide them on how to face the exam.

Speaking to TNIE, Deputy Director of Public Instructions Shantgowda Patil said that the department will select four schools who will send 5 students each to the DC's Office every Thursday. The students will be taken to the offices of each department in the DC's Office by a designated officer to introduce them to the functioning of the offices.

Later, the DC addresses the students for more than 60 minutes on how to write the exam with confidence, including tips on how to prepare and score good marks. She has already addressed over 200 students and this exercise will continue till the commencement of SSLC exams in Yadgir district.

Also, a supervisory committee has been formed for which the DC is the honorary president and Yadgir zill panchayat CEO is the president.

The committee supervises the functioning of the schools in improving the results.

Shantagowda said that all the schools in Yadgir district have completed the syllabus for SSLC examination two week ago and have started revision classes. Preparatory exams will be held within a fortnight and special classes will be conducted for students who score less.

BJP meet charts its election plan

ENS @ Bengaluru

THE Bharatiya Janata Party Core Committee met on Friday, armed with a pre-poll survey report which claimed that the party is expecting to return to power with a convincing majority. The leaders met party general secretary CT Ravi, and conveyed this to him.

On both occasions it came to power -- 2008 and 2018 -- BJP did not have the numbers to form the government. In 2008, it got 110 seats and in 2018, it got 104 seats. At the meeting, Ravi said that PM Narendra Modi is expected to visit Karnataka twice or thrice in February, and so are Home Minister Amit Shah and party president JP Nadda. Various Union ministers will participate in party programmes and interact with beneficiaries of State and Central programmes.

He said party leaders are holding meetings of beneficiaries in all constituencies, and that 70% to 80% of the people have benefited from government programmes. "Just as in Gujarat and Uttar Pradesh, we would like to convert the beneficiaries into BJP voters," he said, adding that vans mounted with massive LED screens will go out in each constituency, informing people of the welfare measures of the state and Union governments.

In addition, four teams of BJP leaders will travel across the state, focusing on Kalyan Karnataka, Kittur Karnataka and Old Mysuru. Yuva Morcha, Mahila Morcha and other morchas will hold meetings in all 224 constituencies. CM Bommai, BJP national general secretary B L Santosh, Parliamentary Board member B S Yediyurappa and others participated in the meeting.

AS POLLS LOOM, CONGRESS LEADERS HIT YATRA TRAIL

EXPRESS NEWS SERVICE
@ Bengaluru

KPCC president D K Shivakumar and Congress Legislative Party leader Siddaramaiah started separate Praja Dhwani Yatras from Kurudumale in Kolar district, and Basavakalyan in Bidar district, on Friday. After finishing the first leg of their joint bus yatras covering almost all the district headquarters, the leaders resumed the second leg of the yatras to cover 237 taluks across 31 districts.

Opposition leader in Council B K Hariprasad has also started preparing the ground in the coastal region for the 'Karavali Dhwani Yatra', to be launched on Sunday from Sullia, in the communally sensitive Dakshina Kannada district where the saffron party has the upper hand. He held a preliminary meeting with veteran leader RV Deshpande and Manjunath Bhandari in Udupi on Friday. The yatra will culminate at Sringeri on February 9.

The leaders will highlight the party's poll promises for people of the coastal region, with programmes aimed at the minorities, Bunts and fisherfolk.

The party has also indicated that elections are a priority rather than the budget session, with Siddaramaiah taking just a day's break from his tour, to attend when the budget is tabaled on February 17. The yatras are planned according to the caste matrix: in Old Mysuru, Dalit leaders including former Union minister KH Muniyappa and Dr G Parameshwara will accompany Shivakumar to work on a Dalit-Vokkaliga combination.

Veerashaiva-Lingayat leaders, including KPCC campaign committee chairman M B Patil and working president Eshwar Khandre, are accompanying Siddaramaiah to work out the combination of Veerashaiva-Lingayats, backward Kurubas and minorities.

Praja Dhwani campaign draws crowds in Kolar

V VELAYUDHAM @ Mulbagal/KGF

THE Congress party's Praja Dhwani campaign received a good response from people as it entered Kolar district on Friday. Thousands participated in two rallies held in Mulbagal and KGF as part of the campaign. Senior party leader Siddaramaiah had recently announced that he will be contesting from the constituency.

Even as several Congress leaders attended the rallies at both places, Kolar strongman and seven-time MP KH Muniyappa and his followers stayed away from the Mulbagal event. Despite efforts by his party colleagues to pacify him, Muniyappa gave the Mulbagal event a miss, but participated in the KGF programme which was organised by his daughter and KGF legislator Roopa Kala Sashidhar.

Congress leaders inaugurate the party's Praja Dhwani Yatra in Kolar district on Friday

Besides KPCC president DK Shivakumar, other leaders who took part in the events include former deputy chief minister G Parameshwar, KPCC working president Ramalinga Reddy and former MP VS Ugrappa

However, senior party leader Ramesh Kumar, MLC Anil Kumar, Malur MLA K.Y.Nanje Gowda and former MLA Kothur Manjunath did not attend the KGF programme.

Addressing a gathering in Mulbagal, Shivakumar said, "The state has never seen a government (the present BJP regime) which is so corrupt. This government demands 40 per cent commission from contractors, an issue which was flagged by the contractors association president Kempanna himself, who has also written a letter to the prime minister in this regard," he said.

Shivakumar alleged that the BJP government also collects bribe from the police, engineers and other people serving in the state government for their transfers and postings and called upon the voters to put an end to the government led by BJP in the state to protect the interests of all the people in the state.

FIFTY-TWO railway stations in Karnataka have been selected under the Amrit Bharat Station scheme which envisages their development on a continuous basis with a long-term vision. If everything goes as planned, these stations will be developed as city centres too.

The stations come under the Bengaluru, Mysuru and Hubballi divisions of South Western Railway (SWR). The scheme aims at upgrading stations functioning not just as a place where people come to board the train, but also as a city centre.

SWR Chief Public Relations Officer Aneesh Hegde told *TNIE* that there was a scheme called Adarsh Stations which was meant to provide minimum essential amenities at the identified railway stations. "The vision of the PM is that stations are not just places for boarding and deboarding trains but they should emerge as city centres where retail outlets, food courts, infotainment, and leisure will be encouraged," he said.

Shivamogga Town Railway Station is one among the 52 stations selected under Amrit Bharat in Karnataka

Sources said that seamless multi-modal connectivity and strengthening of access roads around the stations to enable them to function as the city centre, act as a driver of the local economy and facilitate transit oriented development.

To meet the objectives, a broad scope of work is envisaged which includes rebuilding, improvement and augmentation of the station building to provide an iconic structure with modern state-of-the-art facilities and futuristic design with a 40-60 year horizon.

The scope of the work includes the upgradation of connectivity to the stations for smooth traffic flow in coordination with the state government/ local bodies for widening, strengthening or creating new roads, pedestrian paths, cycle paths, skywalks and bridges etc. to improve accessibility and modal integration.

Inside the station, passengers will be provided comfortable minimal queuing, movements, waiting and availing facilities like ticketing, tapped potable drinking water, toilets and retail etc. The complete upgraded station complex shall be Divyang-friendly. Upgraded railway stations shall have elements of sustainability.

AN atmosphere of bonhomie prevailed in the Assembly on Friday as Telangana Governor **Tamilisai Soundararajan** addressed the joint session of the Assembly and the Council. Chief Minister K Chandrasekhar Rao, Speaker of Assembly and Chairman of Council Pocharam Srinivas Reddy and Gutta Sukhender Reddy, respectively, welcomed her.

The Governor stuck to the script and read out the speech as prepared by the state government. There were no surprises in store for either the state government or the Governor. Tamilisai did not veer off the prepared text nor were there any adverse references to the Central government in the speech. It only highlighted the rapid strides made by the BRS government in the last eight years.

On the occasion, the Governor quoted excerpts from literary works of poets Kaloji Narayana Rao and Dasaradhi Krishnamacharya, calling upon all to strive for a better world for future generations and dedicate themselves to the nation's development.

In her speech, the Governor said Telangana had become a role model for the rest of the nation. Though the state faced several challenges, it had made rapid progress in several sectors, she said.

"The state is achieving phenomenal development on every front under the able administration of Chief Minister K Chandrasekhar Rao with the blessings of the people, due to the hard work of the people's representatives and dedication of government employees," she said.

Tamilisai stated that due to the efforts made by the government, the revenue receipts of the state which stood at Rs 62,000 crore in 2014-15, increased to Rs 1.84 lakh crore by 2021-22.

Soon, auto-machines to make Tirumala laddus

EXPRESS NEWS SERVICE
@ Tirumala

THE Venkateswara temple in Tirumala would soon have fully-automatic laddu-making machines. TTD Executive Officer AV Dharma Reddy on Friday said that Reliance has come forward to establish this fully automatic machine at a cost of Rs 50 crore. "With this, we will be able to provide more hygienic and tastier laddus to devotees," he said.

He said that the state-of-art museum, which was under way in Tirumala, would be completed by the year-end. "The SV Museum is all set to be ready by December-end with a new look. The devotees will have a unique experience and even 3D images of the Lord's jewels will be displayed," he added.

Anjanadri temple at Akasa Ganga would be coming up at an estimated cost of Rs 50 crore-60 crore and the new Parakamani building would be operational from February 5, the EO said.

Speaking on pilgrim footfalls in January, he said that 20.78 lakh devotees had darshan, 37.38 lakh had Annaprasadam, and 7.51 lakh tonsured their head. The Hundi collection stood at Rs 123.07 crore, while Rs 1.07 crore laddus were distributed to pilgrims.

The EO said that an unprecedented number of pilgrims turned up for the one-day Brahmotsavam and Radhasapthami, which took place in a full-fledged manner after two years of the pandemic. He said about two lakh pilgrims witnessed all Saptha Vahana Sevas on January 28.

Kerala sets aside ₹46.5 cr for Sabarimala

ENS @Pathanamthitta

THE Kerala state budget has allocated Rs 46.5 crore for infrastructure development in Sabarimala. It earmarks Rs 30 crore for the Sabarimala Master Plan. This includes construction of an office complex of Travancore Devaswom Board and modern aravana plant at Sannidhanam.

The thidappally, where the prasadam is prepared, will be shifted from the temple complex. Besides, the offices of the thantri and melshanti will be shifted to a new complex. The layout for the project is being finalised, said TDB president K Ananthagopan.

"The budget has given special consideration for Sabarimala temple and edathavalams, the resting places for devotees. The implementation of the master plan will ensure development of facilities at Pampa, the trekking path and base camp at Nilakkal. Besides, Rs 10 crore has been allotted for the Sabarimala drinking water project. A sum of Rs 2 crore has been set aside for distribution of medicated drinking water along the trek route from Pampa to Sannidhanam.

7 attempt suicide over harassment by lenders, 1 dies

ENS @ Bengaluru

SEVEN members of a family attempted suicide as they were unable to clear loans and were harassed by moneylenders, at Doddamannugudde in Ramanagara on Thursday. However, one of them died while the remaining are in a hospital.

The deceased has been identified as Mangalamma, 28. The others who tried to end their life are Raju, 31, husband of the deceased, Akash, 9, Krishna, 13, Savitha, 24, Somapuradamma, 48, and another four-year-old girl. Savitha is Raju's sister. Akash and Krishna are sons of Raju. "The family had consumed poison at their house. They were immediately rushed to a nearby hospital where Mangalamma succumbed. The others are stable.

Raju had taken a loan of Rs 8 lakh to help his brother who had to return money to somebody else. As his brother did not return the money, the money lenders started harassing Raju which is the reason for the incident," Ramanagara SP Karthik Reddy told TNIE.

The MK Doddi police have registered two separate cases, one against the persons for harassment and the other against Raju for giving poison to his family.

Highest funds for Karnataka: Pralhad

Union MoS for Parliamentary Affairs, Mines and Coal Pralhad Joshi said Karnataka received the highest amount of funds from the Central government. He told the media that maximum funds have been given for basic amenities, including roads, national highways, railways — for new lines, track doubling, track electrification and so on. He said till 2014, double the number of tracks had been electrified in the past eight years in Karnataka. While Rs 5,300 crore has been allocated for the Upper Bhadra Project, he said the government is spending Rs 10 lakh crore on infrastructure, the highest in the world, and will create jobs and boost economy.

EXPRESS NEWS SERVICE
@Bengaluru:

KARNATAKA got a record allocation of Rs 7,561 crore in the Railway budget 2023-2024, its highest ever capital outlay, announced Railway Minister Ashwini Vaishnaw. This forms part of the Rs 9,200 crore earmarked for South Western Railway (SWR) zone, also its highest ever.

The Pink Book (detailed allocation for railway projects in the country) was tabled in Parliament on Friday. Briefing the media in Karnataka via video conference on Friday evening, Vaishnaw said the average annual outlay between 2009 and 2014 for the State stood at Rs 835 crore. "This year's budget is a nine-time increase over that," he said.

An official release said the average annual outlay from 2014 to 2022 stood at Rs 3,424 crore.

General Manager, SWR, Sanjeev Kishore told newspersons that the huge outlay included allocation of Rs 2,423 crore for new lines, Rs 1,529 crore for doubling and Rs 242 crore for road safety works.

The Rs 9,200 crore for SWR, which includes Rs 1,350 crore for Bengaluru Suburban Railway project, marks a 33.3% increase over the previous year's allocation of Rs 6,900 crore, which earlier held the record as its highest ever allocation. "A total of 51 stations in SWR have been taken up under the Amrit Bharat scheme for redevelopment," he said.

Bengaluru Divisional Railway Manager Shyam Singh told *TNIE* that 16 of these stations are in Bengaluru Railway Division.

"The shifting of many trains to Sir M Visvesvaraya Terminal has decongested KSR considerably and the upcoming two island platforms at Cantonment station will help reduce congestion further. They will faciliate running of more suburban services from Cantonment," Kishore added.

Bengaluru likely to get Vande Metro

Responding to a query on the Vande Metro services concept, and if Bengaluru would benefit, Kishore said these trains are intended for urban locations which are within 100km of each other. There is no chance that Bengaluru would not be included in it, he said.

He said a feasibility study to consider line doubling between Yelahanka and Devanahalli had been undertaken, following the suggestion by the Railway Minister to run more services along the line to Kempegowda International Airport, during his recent visit. To a query on increasing the speed of Vande Bharat trains between Bengaluru and Chennai, he said an action plan was being formulated to facilitate it.

ERODE EAST BYPOLL

AIADMK GC to decide candidate, OPS gets say

SHRUTI KAKKAR & T MURUGANANDHAM
@ New Delhi/Chennai

AHEAD of the by-election to the Erode East Assembly constituency in Tamil Nadu, the Supreme Court on Friday, by way of an interim arrangement, asked the AIADMK's General Council (GC) to decide on the candidate to be fielded in the bypoll and allowed three expelled members, including O Panneerselvam, to participate in the meeting. The court stressed the interim nature of the arrangement, stating it shall not confer or take away any other rights of the parties.

The bench of Justices Dinesh Maheshwari and Hrishikesh Roy, while directing GC to decide on the party's candidate by way of circulation, told the party's presidium chairman Tamil Magan Hussain to convey the GC's decision to the Election Commission of India (ECI). Effectively, the AIADMK factions have three days to elicit the views of the GC members on the candidate and convey the decision to the ECI by February 7, the last date for withdrawal of candidates for the poll. "In this regards without prejudice to rights of parties and without conferring any other rights, it is considered appropriate and provided as thus agreed to by the counsel for Edappadi K Palaniswami (EPS) that the proposal for filing the candidate shall be put before consideration... The decision-making process may be taken up by putting necessary the resolution for circulation. During the process of decision making, the expulsion shall not operate so far as the present purpose. In other worlds, the three persons can put forth their views too for limited purpose. The ultimate decision of the GC shall be conveyed to ECI by the presidium chairman," the court said in its order.

The SC made it clear "this interim arrangement shall have no bearing whatsoever and shall not be conferring any other rights and taking rights of parties and will be only for the process of by-election and not beyond."

Gang poses as cops in Chennai, robs Andhra jewellers of ₹1.4 crore

GAUTHAM SELVARAJAN @Chennai

POSING as policemen, an unidentified four-member gang robbed ₹1.4 crore from two people near Sowcarpet around 6 am on Friday. The gang allegedly took the money and fled after telling the duo, visiting Chennai from Andhra Pradesh, to produce proper receipts for the cash at the nearest police station.

According to the police, the victims, Subbarao (58) and Rahman (48) run a jewellery shop in Andhra. They had arrived in Chennai to buy jewellery at a shop on NSC Bose Road near Parry's Corner. As they were headed towards Sowcarpet around 6 am, they noticed a car following their auto. As they neared Veerappan road near Sowcarpet, the car overtook the auto and blocked the path.

"The four unidentified men got out of the car, bearing lathis, and came to the auto. Claiming they were policemen, they said they had received a tip that the duo was carrying hawala money. The gang then asked them to open their bags. When Subbarao and Rahman opened the bag, they found they had ₹1.40 crore in it," the police said.

LADAKHIS TELL CENTRE ALL IS NOT WELL, SEEK SEPARATE STATE

Sonam Wangchuk's call for the inclusion of Ladakh in the Sixth Schedule under Article 244 with his just-concluded five-day-hunger strike, has its merits but not without worry for the Central leadership. Greater autonomy to local administration on its land, environment and natural resources are at the crux of the Sixth Schedule, which applies to the northeastern states of Assam, Meghalaya, partly Mizoram and Tripura, in areas which have a high concentration of Adivasis and indigenous populations. These are managed by autonomous district councils which enjoy some amount of autonomy in administration, legislative and judicial areas. Bringing a state under the Sixth Schedule would mean vesting power with the local administration in critical areas, control over the alienation of land being the topmost. Ladakh has two hill councils—Buddhist-dominated Leh and Muslim-dominated Kargil—with 30 members each. They are only ceremonial positions.

Wangchuk, who had tweeted in support of the prime minister in August 2019, after the BJP government abrogated Article 370, stripping Jammu and Kashmir of its statehood and carving out Ladakh as a separate union territory, is now seeking special status and statehood for Ladakh. The reason behind this is the growing disillusionment of Ladakhis—a thinly populated race, mostly tribals. The region celebrated its independence from J&K more than three years ago, only to see it being ruled by a more 'alien' form of administration in the form of an L-G and bureaucrats with controls in distant Delhi. Loss of employment and shrinking quota in government jobs are real worries for the ethnic hill tribes, which have no other means of livelihood.

The sitting MP from Ladakh is from the BJP. The Leh Apex Body and Kargil Democratic Alliance have been demanding statehood for Ladakh, safeguards under the Sixth Schedule, increased political representation, job reservation, and the filling of government vacancies.

A desert region with no rainfall, the threat of over 5,000 glaciers in the Himalayas melting is becoming a reality with global warming and increased tourism. Shrinking winters and expanding summers have adversely impacted snowfall. A fragile area from the point of view of national security and ecology, Ladakh needs to be settled. To conclude that 'all is well' would be fallacious.

KERALA BUDGET IS A MISSED OPPORTUNITY

Kerala Finance Minister K N Balagopal's third budget is not populist. But then he had no choice. The proposed tax hike on fuel, liquor, and the land was inevitable as he had to augment tax and non-tax revenue to the maximum extent, given that the fiscal constraints in 2023–2024 will be more than that of the current year. But has he done enough considering the state's precarious financial position? In the coming fiscal, the state is staring at a shortfall of ₹8,400 crore in Revenue Deficit Grant compared to 2022–23, a loss of around ₹5,700 crore due to the cessation of GST compensation, and a resource loss of around ₹5,000 crore due to the restriction on the borrowing limit. Additional revenue mobilisation envisaged in the budget is estimated to bring around ₹3,000 crore, which would be woefully inadequate, and the government will have to increase its borrowing for capital expenditure. The total debt stock as a percentage of GSDP is 36.05%.

Also, while making sizeable grants to various sectors, the finance minister has failed to make any concrete proposal to reduce expenditure. Revenue expenditure on salary, pensions and interest payments constitutes 69.81% of the total revenue. The fiscal profligacy of the state on administrative expenses needs to be curbed, and at least jobs that have become redundant due to technology should be scrapped.

Despite the constraints, Balagopal has deftly managed (at least on paper) to lower the fiscal deficit to 3.51% of GSDP as against 3.61% in the revised estimate of FY23. The budget document spells out the government's thoughts on borrowing, saying that Kerala has the economic position to avail of more loans and is not in a debt trap. For the finance minister of a revenue-starved state like Kerala, the budget is an exercise of achieving a delicate balance between scarce resources and unending needs. However, taking debt to finance the expenditure is akin to passing the burden on to the future generation. Debt is good as long as it is used for capital expenditure to grow the economy and increase revenue. Balagopal has displayed that he understands the situation and what his job is under the circumstances by boldly opting for steep tax hikes. But, this budget should still be treated as a missed opportunity, as he has sorely failed to propose much-needed austerity measures and be innovative in additional revenue mobilisation.

QUICK TAKE

PUBLIC SAFETY AUDIT

The government is auditing public safety and security systems in 12 select Indian cities. It follows the recent gruesome incident of a woman dragged to death underneath a car for quite a distance on Delhi's roads. The absence of real-time technology was felt in this case. The government must upgrade to the latest public safety technology like cellular vehicle-to-everything (C-V2X) and IoT. Live video analytics can track vehicles, spot people in tricky situations and open up emergency traffic corridors. Citizen-engagement phone apps can establish virtual communications between the victims, police and hospitals and accurately direct emergency response teams to the spot.

The Saubhagya Scheme, successful as it was, must have contributed to the improvement of Night Time Light

WHAT LIGHTS AT NIGHT SAY ABOUT INDIA'S PROGRESS

BIBEK DEBROY

Chairman, Economic Advisory Council to the PM

SOUMYADIP SINHA

In November 2022, ISRO published a report titled, 'Decadal Change of Night Time Light (NTL) over India from Space (2012–2021)'. To quote from this, "Night Time Lights (NTL) acquired by satellites is nowadays becoming one of the indicators to analyse wide-range man-made activities by correlating NTL with land use patterns, socio-economic parameters (like GDP, poverty, population, electrical consumption, crime rates, etc), environment variables (like climate change, carbon emissions, etc)."

To quote a bit more, about the changes from 2012 to 2021: "Overall at national level, normalised NTL radiance (Cumulative NTL radiance/Geographic Area) is increased by 43% in the year 2021 w.r.t 2012. Significant increase observed in Bihar, Manipur, Ladakh and Kerala. Good increase observed in Arunachal Pradesh, Madhya Pradesh, Uttar Pradesh and Gujarat. Moderate increase observed in Lakshadweep, Maharashtra, Tamil Nadu, Jharkhand, Haryana, Punjab, West Bengal, Uttaranchal, Karnataka, Odisha, Telangana, Andhra Pradesh, Nagaland, Chandigarh, Himachal Pradesh, Rajasthan, Tripura, Goa, Chhattisgarh, Assam, Andaman and Nicobar, Meghalaya, Jammu & Kashmir. In most of the States, a fall in NTL cumulative radiance observed in the year 2020, and this could be the impact of COVID-19 pandemic. Again, in most of the States there is a rise observed in the year 2021 for NTL cumulative radiance."

This sounds frightfully dense and turgid, as indeed it is. The visual impact of this is much more when you look at all-India maps for 2012 to 2021. Stated simply, India is much better lit at night in 2021, compared to 2012. I said India, but the report zeroes in on states, and within states, on districts. Visually, the spread of light at night is striking. For example, in 2012, the lighting in Bihar centred around Patna and had Muzaffarpur, Darbhanga, Begusarai, Gaya and Bhagalpur. In 2021, the radiance had spread throughout the state. What caused this? Electrification of households under the Saubhagya Scheme and construction of national highways are obvious answers.

For several years now, NASA has released images of the world at night, including for India, and for the last 20-odd years, there has therefore been interest in using such data as surrogate indicators for socio-economic development.

The Economic Survey 2021–22 had a chapter on tracking development through satellite imagery and cartography. To quote from that, "Night-time luminosity provides an interesting representation of the expansion of electricity supply, the geographical distribution of population and economic activity, urban expansion as well as growth of ribbon developments between urban hubs." When regular data surfaces with a time lag, NTL, which doesn't have such a time lag, has natural appeal.

There is some cross-country empirical work correlating NTL (luminosity) with GDP. No one doubts there is correlation. There have also been a few studies correlating NTL with state-level or district-level economic activity within India. The problem is the obvious one—correcting NTL for extraneous factors—phases of the moon, seasonal vegetation, cloud cover, atmospheric emissions, and even the exact position of the satellite at the time. There is a blurring effect that makes urban agglomerations seem larger than they actually are.

In other words, NTL data needs to be processed and cleaned. They have measurement errors and biases. The ISRO report isn't based on such clean data. Therefore, one shouldn't jump to conclusions.

The recent Economic Survey 2022–23 reported that 29 million rural households have been electrified under Saubhagya. "The government launched the Pradhan Mantri Sahaj Bijli Har Ghar Yojana—Saubhagya in October 2017 with the objective to achieve universal household electrification by providing electricity connections to all willing un-electrified households in rural areas and all willing poor households in urban areas in the country by March 2019. The Scheme involved the organisation of camps in villages/clusters villages for on-spot registration and the release of connections. The connections were given free for economically poor households and for others Rs 500 was charged after the release of the connection in 10 installments. The Saubhagya scheme has been successfully completed and closed on 31 March 2022."

So far so good. Other than highways, electrification under Saubhagya is bound to improve NTL, and it is plausible that Saubhagya had a role to play in the improvement reported by ISRO. But consider this. What kind of light connection did Saubhagya provide? One with LED bulbs. I am going to use this as an example of statistical nitpicking. Suppose no new connections had taken place, but the old-fashioned bulbs had been replaced by LED bulbs. NTL would immediately have increased. That's the nature of NTL and luminescence with LEDs. We can think of cities where street lighting has switched to LED. Immediately, the roads seem brighter.

This is indeed nitpicking, and Saubhagya, successful as it was, must have contributed to the improvement of NTL. NTL is descriptive. Once the data has been cleaned, it describes a factual state of affairs.

However, there must be care about interpreting those facts and deducing the causation. The nitpicking is meant to illustrate nothing more than that.

Let me finally quote from a World Bank paper. "This paper estimates the impact of a differential relaxation of COVID-19 containment policies on aggregate economic activity in India. Following a uniform national lockdown, the Government of India classified all districts into three zones with varying containment measures in May 2020. Using a difference-in-differences approach, the paper estimates the impact of these restrictions on nighttime light intensity, a standard high-frequency proxy for economic activity. … The analysis finds that nighttime light intensity in May was 12.4 percent lower for districts with the most severe restrictions and 1.7 percent lower for districts with intermediate restrictions, compared with districts with the least restrictions. The differences were largest in May, when the different policies were in place, and slowly tapered in June and July."

Such data and analysis are useful. But NTL isn't quite a substitute for conventional data. It isn't robust enough.

BUDGET, ADANI EPISODE AND BALANCING THE ECONOMY

SANDIP GHOSE

Current affairs commentator

If one were to watch India from a distant galaxy through TV channels and social media feeds till before the Union Budget on February 1, the aliens could well have thought that we are a nation of economists. Going by the trend of the universe, they may be grappling with an economic crisis of their own. So, they may have considered sending emissaries to earth for expert advice. But even before the spaceships and astronauts could be ready for the space voyage, they would have found that overnight, all Indians had turned into stock market experts following the Adani meltdown.

However, that was only on the surface. A closer telescopic observation would have revealed that it was only a superficial affliction limited to a minuscule section of the country's upper crust. The masses, comprising an overwhelming majority of the population, were leading their lives as usual, unconcerned about the developments in the higher echelons of society.

The problem with India's elite is they tend to extrapolate their opinions to the rest of the people without realising that the concerns of the common person are often quite different. This is what astute politicians like Narendra Modi get, which is why they repeatedly prove the naysayers and critics wrong. This phenomenon is not limited to economics and stock markets alone. It extends to perceptions of democracy, governance, and social equity as well. On such matters, too, the view from the bottom of the pyramid is, at times, diametrically opposite from the top-down projection. This is frequently demonstrated in elections, where the results contradict popular predictions. This gulf in understanding has again been laid bare in the reactions to the budget and the Adani episode.

This is the fourth consecutive budget presented by Nirmala Sitharaman. Pundits greeted her selection as finance minister by Narendra Modi with loads of scepticism, and during her early days in the North Block, many a snide comment was passed about her competence. However, to her credit, she stayed the course resolutely and proved her mettle during the pandemic. No doubt she was executing the vision of the prime minister, as ought to be the case in any government. But the credit lies in execution. Going by multiple economic indices and sustaining India's GDP ahead of most major economies, she has come out with high marks among many of her predecessors and finance ministers in the world. Her most creditable achievement has been, perhaps, management of the short term without short-selling the future through populist profligacy.

As an election-year budget, many expected it to go overboard on populism. But the government eschewed the temptation of freebies and instead focused on putting the building blocks in place for longer-term growth. This has been the trait of Narendra Modi. In his decision-making he exudes the supreme confidence of a person who is sure about himself being around for a long time. This explains the massive thrust on Infrastructure Creation, increasing the capital investment outlay by 33% to ₹10 lakh crore.

> Modi understands that direct taxes affect less than 8% of the population. Even the definition of "middle class" has changed. With the raising of tax limits and growth of the services sector, many of them do not come under the income tax net

Extending 50 years of interest-free loans to states for infrastructure creation contributes towards the same end. So do projects like Pradhan Mantri Awas Yojana and Jal Jeevan, which also improve ordinary citizens' quality of life.

Modi understands that direct taxes affect less than 8% of the population. Even the definition of "middle class" has changed. With the raising of tax limits and growth of the services sector, many of them do not come under the income tax net. They are affected far more by indirect taxes (GST), which no longer come under the purview of the Union Budget and will be decided by the GST Council. Hopefully, one will see greater rationalisation in the GST structure and exclusion of certain items of mass consumption (such as food grains sold in loose form) in the coming days—given the higher collection of GST and increase in the tax base with the formalisation of the economy increasing registration and above-the-table transactions.

Two issues that bother the "Other India" or Bharat, living away from the echo chambers of the big cities, are employment and inflation. Infrastructure creation not only creates jobs in the future but also during the building phase, given the labour-intensive nature of construction. A substantial part of the earnings from this sector gets ploughed back into the rural economy. Over time, there is a multiplier effect of infrastructure development, especially roads, in employment generation. Similarly, the attention to revive the MSME sector—with a special focus on micro-enterprises by increasing lending to this segment—is also aimed at job creation. But this takes time. So, welfare schemes like free ration must bridge the short-term needs of the poor in a targeted manner, minimising system leakages. Inflation must be controlled through fiscal discipline, something which the Finance Ministry and the Reserve Bank of India have displayed remarkable restraint in through the testing period of Covid.

However, we live in a volatile and disruptive world. The Adani upheaval—a bolt from the blue—is a prime example of that. What Adani Group does with its public issue is its concern. Where it affects the economy is the impact on the stock market and the effect it might have on future foreign investment in the infrastructure, which is critical for future growth. This is an area where the government must work in tandem with private players without leaving them to the wolves. It is a matter of national interest, and the government cannot look the other way, cowed down by accusations of crony capitalism. It is not about Adani but about India. One can say with reasonable confidence that going by its track record, the Modi government will not shy away from doing what is right for the country.

Adani row: Another House washout

Vice-President declines 15 adjournment notices, says his orders continuously disregarded

PREETHA NAIR @ New Delhi

Rajya Sabha MPs speak to media at the Parliament complex on Friday | PTI

WITH an unrelenting Opposition continuing with the demand for an independent investigation into the Hindenburg report row, the proceedings of both Houses of the Parliament were washed out for the second day in a row on Friday. Both the Lok Sabha and Rajya Sabha will meet on February 6 next.

On Thursday also, the opposition stalled the proceedings demanding Joint Parliamentary Committee (JPC) probe or a Supreme Court monitored inquiry into the US-based short seller Hindenburg, which made allegations of "brazen stock manipulation and accounting fraud" against the Adani Group conglomerate.

Soon after the Rajya Sabha met in the morning, the Opposition erupted in protest as Chairman Jagdeep Dhankhar declined 15 adjournment notices submitted by various parties to allow a discussion on the issue. The adjournment notices were submitted under rule 267 which allows for the suspension of a day's session to discuss an issue raised by a member. Amid sloganeering by the members, the V-P asked them to maintain order and allow the House to function.

"We are required to work in accordance with rules. I have received 15 notices under Rule 267 from different members. I have gone through all the notices. I am unable to accede to them as these are not fulfilling the requirements of rule 267 and are not in conformity with the direction by the chair on December 8, 2022," he said.

Dhankhar pointed out that out of the 15 notices he received, six of them are identical. Dhankhar reminded the members that the proceedings of the House can continue only if it is in order. "If the House is not in order, the proceedings cannot continue. I have given my ruling and there shall be no further discussion. This has been the practice for long and is also codified in the rules".

The V-P also expressed concerns that his ruling has been continuously disregarded. "If there has been a ruling of the chair, Parliamentary democracy survives on the strength of the chair. I have given my ruling and it has been continuously disregarded," said the Rajya Sabha Chairman.

Govt has nothing to do with Adani issue: Joshi

On queries whether Centre will institute a JPC probe as demanded by Opposition parties, Parliamentary Affairs Minister Prahlad Joshi on Friday said the government has nothing to do with stock manipulation and accounting fraud of Adani Group

Speaking to this newspaper, Rajya Sabha MP Tiruchi Siva said that he met the Chairman of Rajya Sabha after the adjournment of the session.

Responding to a query from Siva on the dismissal of his notice, the chairman said, "Members may go through rule 267 and the ruling of the chair on December 8. If there is still any doubt, kindly spare time to see me in my chamber during lunch recess. You will be feasted with food of your choice."

Siva said that during their meeting, the Chairman explained to him about how he wants the notice to be drafted.

Speaking to this newspaper, CPI Rajya Sabha MP Binoy Viswam said that the members are going by the rule book and in case of any anomalies; it should be rectified by the Rajya Sabha Chairman.

Parliament is North Star of democracy, asserts Dhankhar

RAJESH KUMAR THAKUR
@ New Delhi

THE row over the judiciary-versus-executive supremacy refuses to die down.

A week after the Chief Justice of India described the 'doctrine of basic structure' as the 'North Star' – a metaphor for something stable and fixed – Vice-President Jagdeep Dhankhar on Friday used the same usage for the Parliament.

Dhankhar, vice-chairperson of Rajya Sabha, was addressing the members of the House.

The CJI had remarked that the 'basic structure doctrine' guides and gives directions to the implementers and interpreters of the Indian Constitution when the path ahead is convoluted. On Friday, Dhankhar told the MPs that, "The Parliament in essence is the North Star of democracy. It is a place of discussion and deliberation to realise the aspirations and dreams of the people and not a place of disturbance. We are required to work in accordance with rules."

The CJI's remark had come against the backdrop of Dhankhar questioning the landmark 1973 Kesavananda Bharati case verdict. The V-P's views came when he was addressing the 82nd All India Presiding Officers Conference in Jaipur on January 11. Dhankhar said the judiciary cannot intervene in lawmaking.

He had said that if any authority questions Parliament's power to amend the Constitution, it would be difficult to say "we are a democratic nation."

After that, CJI speaking at Nani A Palkhivala Memorial Lecture on Saturday had remarked that the craftsmanship of judges lies in interpreting the text of the Constitutions with the changing times keeping its 'soul' intact.

Dhankhar's statement gave the impression that he does not subscribe to the Kesavananda Bharati case verdict to the effect that Parliament can amend the Constitution but not its basic structure.

Dhankhar asserted that parliamentary sovereignty and autonomy were quintessential for the survival of democracy and could not be permitted to be compromised by the executive or judiciary. He had also said in Jaipur on January 14 that judiciary can not intervene in lawmaking.

The CJI last week also said that the Constitution allows the state to change and evolve its legal and economic policies to meet societal demands. "If you look at the Constitution, it does not favour unbounded economic liberalism. Rather, the Constitution seeks to find the right balance," he had said.

SC asks Centre for original record of blocking BBC docu

SHRUTI KAKKAR @ New Delhi

THE Supreme Court on Friday issued notice Centre, Twitter and Google in a pleas challenging Centre's decision to block the BBC documentary titled "India the Modi Question" on the 2002 Gujarat riots.

A bench of Justices Sanjiv Khanna and M M Sundresh asked Centre to produce original record relating to blocking the documentary but On students being rusticated for screening the documentary, court said, "That's a separate issue... we're more on the legal aspect. How can we allow the writ petition and pass interim order without hearing? If they (Centre) don't do it (produce original files), we'll see what can be done in the next date of hearing."

Appearing for senior journalist N Ram, senior advocate Prashant Bhushan and TMC MP Mahua Moitra, senior advocate C U Singh told the bench that the documentary was taken down by the Ministry of Information and Broadcasting by invocation of emergency powers but have not shown similar alacrity in sharing the reasons for passing these emergency orders and placing the orders in the public domain.

He also urged the bench to stay January 20 order and all subsequent and consequential proceedings arising therefrom.

> **How can we allow the writ petition and pass interim order without hearing? If they (Centre) don't do it (produce original files), we'll see what can be done in the next date of hearing**

Aggrieved by Centre's action of taking down their (TMC MP Mahua Moitra and advocate Prashant Bhushan) tweets, the petitioners in the plea has stated that all citizens including the press have the fundamental right to view, form an informed opinion, critique, report on, and lawfully circulate the contents of the documentary.

"The power of the executive under Section 69 A to lay down directions for 'blocking public access' is limited to "sovereignty and integrity of India, defence of India, security of the State, friendly relations with foreign countries or public order or for preventing incitement to the commission of any cognizable offence relating to above," the plea stated in the apex court.

Rijiju: SC has declined states' plan to use local languages in HCs

SHRUTI KAKKAR @ New Delhi

UNION Law Minister Kiren Rijiju on Friday told Lok Sabha that a full court of the Supreme Court has refused the proposal of various states to allow usage of local languages in high courts. The proposals were made by states of TN, Gujarat, Chhattisgarh, West Bengal and Karnataka.

Responding to a question by MP Natarajan P R, Rijiju said, "Centre had received proposals from state governments of Tamil Nadu, Gujarat, Chhattisgarh, West Bengal and Karnataka to permit use of Tamil, Gujarati, Hindi, Bengali and Kannada in the proceedings of the Madras High Court, Gujarat High Court, Chhattisgarh High Court, Calcutta High Court and Karnataka High Court respectively.

The advice of Chief Justice of India was sought on these proposals and it was intimated that the Full Court of the Supreme Court after due deliberations, decided not to accept the proposals. Based on another request from the government of Tamil Nadu, the government requested the CJI to review the earlier decisions in this regard and convey the consent of the Supreme Court.

The Chief Justice of India conveyed that the Full Court, after extensive deliberations decided not to approve the proposal and reiterated the earlier decisions of the court.

He also told that the "Bharatiya Bhasha Samiti' chaired by former Chief Justice of India, Hon'ble Mr. Justice S.A. Bobde is developing a Common Core Vocabulary close to all Indian languages for the purpose of translating legal material into regional languages.

Consumers left in lurch as only 1% complaints resolved

JITENDRA CHOUBEY @ New Delhi

ONLY one per cent of total consumer cases electronically filed in the National Consumer Disputes Redressal Commission (NDRC) have been resolved under the Consumer Protection Act 2019. The number of cases filed in NDRC is 6,345, while only 99 have been resolved.

However, the resolved case rate increased to 6 per cent in the states, Ashwini Kumar Choubey, Union Minister of State for Consumer Affairs, Food and Public Distribution, informed the parliament in its written reply to a question in Rajya Sabha on Friday.

The total number of consumer complaints filed in the states is 29,553, and 1,810 have been resolved. The largest number of cases filed is in Delhi (4,675), followed by Maharashtra (4,332), Madhya Pradesh (3,857), Uttar Pradesh (3,142) and Karnataka (2,618).

The Consumer Protection Act 2019 rules provide the facility of e-filing of complaints through the 'e-Daakhil' provision in 34 states and UTs. It provides facilities such as user registration, online fee payment, application status, rejoinders, SMS/mail alerts and uploading complaints.

Choubey said the total number of consumer complaints filed through the e-Daakhil portal is 35,898 as on January 24 this year.

States performing better in resolving consumer complaints cases are Odisha (17 per cent), followed by Delhi and Uttar Pradesh (8 per cent each) and Maharashtra (6 per cent).

The worst-performing states in resolving consumer cases are Rajasthan and Telangana (1 per cent each), Tamil Nadu (2 per cent) and Andhra Pradesh (2 per cent).

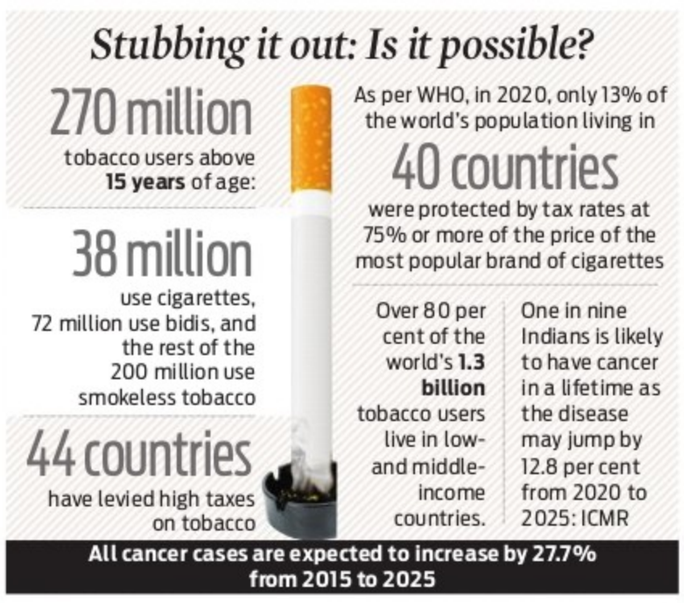
Hike in tobacco tax not enough, should be 75%, believe experts

KAVITA BAJELI-DATT @ New Delhi

THE government has levied an additional 16 per cent tax on tobacco, but experts say it should be raised to 75 per cent or more to reduce India's cancer burden. Finance Minister Nirmala Sitharaman on Wednesday announced the additional 16% on tobacco under the National Calamity Contingent Duty.

"The 16 per cent tax is a misnomer as the overall taxes on cigarettes will increase only by about 1.8 per cent, while its expected impact on the retail price will be just about 1 per cent," health economist Dr Rijo M John, professor at Rajagiri College of Social Sciences, Kochi, said. "Tobacco industry is painting the wrong picture. They will have an excuse to hike cigarette prices." Quoting the WHO, which has recommended that countries levy a tax burden of at least 75 per cent, he said, in India, after levying all the taxes, including GST, cess, excise guty and NCCD, the tax comes to just 50-52 per cent.

After the announcement, excise duty on filter cigarettes of length over 70 mm up to 75 mm will go up to ₹630 from ₹545 per 1,000 sticks; on filter cigarettes of length over 65 mm up to 70 mm it will go up to ₹510 from ₹440 earlier, while for filter cigarettes up to 65 mm, it will go up from ₹440 to ₹510 per 1,000 sticks. Saying that there had been no tax revision on tobacco in India for five years, Rijo said that 44 countries have levied 75 per cent tax on tobacco, including Sri Lanka, where it was increased to 77.02 per cent by 2020.



Stubbing it out: Is it possible?
270 million
tobacco users above 15 years of age:
38 million
use cigarettes, 72 million use bidis, and the rest of the 200 million use smokeless tobacco
44 countries
have levied high taxes on tobacco
As per WHO, in 2020, only 13% of the world's population living in
40 countries
were protected by tax rates at 75% or more of the price of the most popular brand of cigarettes
Over 80 per cent of the world's 1.3 billion tobacco users live in low- and middle-income countries.

CAD & INFLATION CONCERNS MAY SUBSIDE IN COMING MONTHS

NIKHIL KAMATH
Co-founder, Zerodha

GIVEN that budget was set against a challenging macroeconomic and geopolitical backdrop and a pre-election year budget, the finance minister maintained a good balance between fiscal discipline and growth. The blueprint for a sustainable economic route has been suggested in the Union Budget 2023–24, which is based on inclusive development and infrastructure play. The budget has proposed effective measures for advancement with the increased capital outlay and financial discipline, continuing on the road of fiscal consolidation. With a strong focus on infrastructure, manufacturing, health, agriculture, green initiatives, and inclusive growth, the Finance minister has made brave and forward-looking pledges.

While the overall fiscal stance is modestly pro-cyclical in the coming year, a capex boost is quite welcome, significantly when private sector demand may be slowing in the coming year amid faltering exports and rising cost of capital. The credit cycle may also face resistance, but a comforting factor is that the financial sector's balance sheet is in good shape. Also, we expect current account deficit and inflation concerns to subside over the course of 2023. These factors should keep macroeconomic vulnerability concerns under check.

The government's assumptions for revenues for FY23 and FY24 appear reasonable, with a tax revenue growth of 12% and 10% for FY23 and FY24. Capex growth of 33% is a big positive surprise from the budget, and the Centre's 'Effective Capital Expenditure' is budgeted at ₹13.7 lakh crore, which will be 4.5% of GDP. The government has done a decent job of resisting the temptation to be populist in a pre-election year.

The country currently has over 100 unicorns– the extension in tax benefits till 2024 is bound to positively affect the growth of existing start-ups and the initiation of new ones. Additionally, 39,000 compliances have been reduced, and 3,400 legal provisions have been decriminalised, which will undoubtedly make the country a better hub for start-ups.

The funding under the MGNREGA scheme has gone down; the budget has reduced the outlay under the scheme by ~33% from the revised estimate of INR 894 bn for FY23 to INR 600 bn for FY24. At a time when rural markets are already struggling due to the macro-economic environment. But beneficial reforms are introduced to promote agri-startups - an Agriculture Accelerator Fund is set up, which will attempt to implement cost-effective solutions to problems encountered by farmers by introducing contemporary technologies and boosting output.

Sectoral/Stocks impact

- Large government capex outlay push on a high base will be positive for infrastructure and capital goods stocks, while the acceleration of green transition (INR 350bn) would be positive for green energy stocks.
- Infusion of INR 90 bn for revamped credit guarantee scheme to boost MSMEs enabling additional collateral-free guaranteed credit of INR 2 trillion is positive for MSME lenders.
- The government has put a cap of INR 10 crores on the capital gains on which deduction will be available, which is slightly negative for high-end real estate developers.

RAMPAGE

A 35-year-old man was trampled to death by an elephant on Friday near a waterfall on the Rishikesh-Neelkanth road, an official said. The elephant also damaged some huts and a few vehicles.

Statehood dream: Tripura tribals look up to 'Bubagra'

Over 31% of state's population is tribal with TIPRA Motha wielding influence in 20 seats

PRASANTA MAZUMDAR @ Agartala

FOR 70-year-old Durjoy Debbarma in Tripura, the "Bubagra" is the saviour. The royal scion Pradyot Manikya Debbarma is the Bubagra, which translates into king in English. He heads the tribe-based political party TIPRA Motha, influential in the 20 seats reserved for the STs in the tribal areas. The state has 60 seats.

As Tripura prepares for the February 16 Assembly elections, Pradyot is carrying the separate 'Greater Tipraland' state dream of 19 ethnic communities. According to Census 2011, the state has a population of 36.74 lakh – 31.8% of them are tribals.

The former princely state was ruled by the erstwhile royalty of the Manikya dynasty before its merger with the Indian Union in 1949. The TIPRA Motha demands the creation of Greater Tipraland by slicing off Tripura's nearly 70% tribal-dominated areas.

"Kingship has been replaced by democracy but we still consider the Bubagra as the owner of this land. He had floated TIPRA Motha (in 2019) after realising that the tribals of Tripura might be wiped out gradually. He is our saviour," Durjoy, a tribal from Patni, a town in Tripura West district, about 35km from state capital Agartala, told this newspaper. Durjoy's eyes lit up when he spelled out the reasons why tribals in Tripura need a separate state.

"We have remained neglected for nearly 75 years, so we all have decided to support the Raja this election. We had elected his party to power in the Tripura Tribal Areas Autonomous District Council two years ago. The council is trying to do all that it can with the limited funds at its disposal," says Durjoy.

The council has 30 seats and the election is held in 28 seats (two nominated). The TIPRA Motha had won 18 and BJP 9. One seat went to an Independent. The results are testimony to the tribe-based party gaining popularity in the tribal areas.

The tribals are unanimous on the statehood demand. They are convinced the TIPRA Motha can fight for their cause. Across tribal areas, the buzz is about the party.

"We all support the Bubagra. We are certain his party will form the government," Champa Debbarma, a voter in the Dhalai district, said. On the roads from Mandwi to Patni in West Tripura district and Mandwi to Ambassa in the Dhalai district, groups of tribals were seen hanging out by the roadside, engrossed in some serious discussions. The polls, Bubagra and Greater Tipraland were the topics.

"We have seen the Congress, Left and BJP but we haven't got our constitutional rights (statehood). We are pinning our hopes on the Bubagra," says Sadhan Debbarma. Sukesh Debbarma, a native of Mandwi, said the ruling BJP-Indigenous People's Front of Tripura (IPFT) didn't live up to the tribals' expectations.

"The present government didn't solve problems. The tribal areas lack roads and other infrastructure, including educational institutes. The 25-year Left rule (1993-2018) was better. We had more expectations but the BJP failed to deliver," Sukesh said.

Choose between peace & 'red terror', says Nadda as BJP hits campaign trail

EXPRESS NEWS SERVICE @ Agartala

THE ruling BJP in Tripura has asked voters in the state to choose between peace and "red terror."

While addressing a rally, BJP chief JP Nadda sought to remind the people of the violent days when the Left parties ruled the state for 25 years on the trot from 1993.

"As we go to elections, two pictures appear before us. Five years ago, Tripura was known for violence, insurgency and unrest. The state was hit by red terror. There was CPM-sponsored torture. Today, we see a developed and peaceful Tripura," Nadda said in a rally in the Amarpur constituency in Gomati district.

"Tripura's fate and image have changed as (Prime Minister) Narendra Modi has continuously blessed the state," Nadda said.

Assam Chief Minister Himanta Biswa Sarma too batted for peace. "For the first time in the state, an atmosphere of peace has prevailed in the past five years. It will be in Tripura's interest if the BJP retains power.

The double-engine train will run at 120 kmph. Where is a CPM government in the country? It) does not have a locomotive at any place," Sarma said at another rally in the Banamalipur constituency.

"What will the MLAs of TIPRA Motha do? The party is not in power in Delhi and it won't be able to form the government in Tripura. Therefore, voting in its favour will hold no meaning," Sarma said.

In a statement, the Assam CM said the BJP would not allow the bifurcation of Tripura. We will not allow Tripura to become two states," he said, adding, "We will work for the development of the tribals." Nadda and Sarma highlighted the Centre's development initiatives.

State govt to improve English pedagogy

In order to improve the level of pedagogy, especially, in the state government run schools, over a lakh English teachers in 1.3 lakh schools will soon be given English grammar and composition handbook to help them teach better. The book, released by the basic education minister recently, is one of the several measures being taken to focus on English learning among students of classes 1 to 8. Developed by the Prayagraj-based English Language Teaching Institute (ELTI), the bilingual handbook explains concepts in a simple language and provides explanations of the various grammatical rules that is required for english speaking. It also draws equivalents from Hindi grammar.

A tribute to Mulayam Singh Yadav

Renaming of districts is not new to UP. Now District Panchayat Board of Etawah has proposed to change the name of the district to Mulayam Nagar in the memory of Samajwadi Party (SP) founder and three-time UP CM Mulayam Singh Yadav who passed away in October, last year. The SP patriarch was born in Saifai village of Etawah district. Mooted in a meeting that was held on February 1 (Wednesday), the proposal would formally be placed in the next Panchayat Board meeting for approval following which it would be sent to state government, said people familiar with the development.

BIENNIAL POLLS

BJP wins four seats in UP MLC elections

NAMITA BAJPAI @ New Delhi

THE ruling BJP has swept the UP MLC biennial elections by winning four out of five seats in fray. One seat was won by an independent candidate. Despite all the tall claims, the main opposition Samajwadi Party failed to open account in the elections. Of the five seats, voting for which had taken place on January 30, three belonged to the graduate constituency and two to teachers' constituency.

The seats of graduate constituency included Gorakhpur-Faizabad division graduate seat, Unnao-Kanpur division and Bareilly-Moradabad division seat. The two teachers' constituency seats belonged to Kanpur division and Jhansi-Allahabad division. The term of all these five seats of the UP legislative council will end on February 12.

BJP's Jaipal Singh, Arun Pathak, and Devendra Pathak swept all the three graduate constituency seats respectively from Bareilly-Moradabad division, Unnao-Kanpur division and Gorakhpur-Faizabad division. Jaipal Singh made a hattrick on the graduate seat Bareilly-Moradabad division registering a victory for third consecutive term.

Now, Joshimath-type cracks develop in J&K's Doda houses

FAYAZ WANI @ Srinagar

IN a Joshimath-like situation, cracks have developed in houses of a village in mountainous Doda district of Jammu and Kashmir, where the land is "sinking (see pic)" At least two dozen residential houses have reported such cracks, causing fear and panic among local villagers.

Residents of Nai Basti village of Thathri in Doda district said the houses in the area have been developing cracks since December last year. The cracks are increasing with each passing day, making the houses unsafe for living, said a woman resident. She said her family and many of her neighbours are living at their relatives' houses in nearby areas.

The cracks have also been developing on roads. Local residents fear that their houses can collapse and "sink" at any time. A team of revenue officials is visiting the area daily to take stock of the situation. Tehsildar Thathri Sahil Randhawa told this newspaper that 21 houses, a madrasa and a mosque in the area have developed cracks.

The area comprises about 100 houses having a population of about 4,000 people. Randhawa said his office received a complaint in the first week of January that a house had developed cracks.

He said the cracks have increased in the last few days. "Initially only four houses were affected, but now 21 houses have developed cracks and of them, two houses have been totally damaged. Other houses having cracks are also caving in". Officials say factors such as construction of roads, seepage of water, heavy rains and frequent earthquakes could have caused land sinking in the village.

Crucial NDMA meet on Joshimath land sinking today in Delhi

DEHRADUN: A meeting of the National Disaster Management Authority (NDMA) will be held in Delhi on Saturday on the land submergence in Joshimath. State chief secretary Dr SS Sandhu, secretary disaster management Dr. Ranjit Sinha and representatives of scientists studying the disaster-hit Joshimath will also participate. The draft of the relief package awaited by the Centre could be finalized after the meeting, sources said. The NDMA has assigned the responsibility of studying every aspect of the submerged land in Joshimath closely to eight institutes.

Akhara saints outraged over UP govt's decision to run bulldozers on their huts

NARENDRA SETHI @ Dehradun

Bairagi saints in Haridwar on Thursday condemned the demolition of their huts by the Uttar Pradesh Irrigation Department on the pretext of removing encroachments and threatened to go on an indefinite hunger strike if the reconstruction is not done by February 13.

In the meeting held at Haridwar Nirmohi Akhara, the saints living in Bairagi Camp area also demanded the UP government to take action against the officials concerned. The saints also threatened to file a contempt of court case against the officials.

Addressing a large number of saints, Mahant Baba Balram Das Hathyogi of Digambar Akhara said, "Bairagi Camp land is kumbh mela land reserved for Bairagi Akharas where all the three Bairagi Akharas are held. But the Uttar Pradesh irrigation department repeatedly harasses saints in the name of encroachment which will not be accepted."

Haridwar District Magistrate Vinay Shankar Pandey told this daily, "The matter is completely related to the UP government. Since the property is located in Uttarakhand, we provide them police assistance at the same time when help is sought from Uttarakhand in terms of law and order."

UP Irrigation Department SDO ShivKumar Kaushik told this newspaper, "UP owns 1500 hectares of land in Uttarakhand. 700 hectares of land is transferred to Uttarakhand during each Kumbh Mela, which is automatically transferred to UP after the completion of the mela. There are some illegal occupants still present, who are removed."

Apex court objects to delay in appointment of judges

CONTINUED FROM PAGE 1

HOWEVER, the bench expressed displeasure over the delay in even clearing recommendations for transfer of high court judges, saying "it is a very very serious issue". "Don't make us take a stand which will be very uncomfortable."

"If transfer orders are not implemented, what do you want us to do," the bench said, adding that "we withdraw judicial work from them, is that what you want?"

The court also pointed out that one judge whose elevation as chief justice a HC was recommended, was to demit office in 19 days. "You want him to retire without being appointed as the chief justice?" the bench asked. The A-G said necessary action is being taken on it.

Roasts govt on transfer

The bench said any delay in transfer of judges could result in administrative or judicial action, which may not be palatable. It observed that sometimes the govt clears names overnight. On other occasions it lets them hanging

Chinese balloon over US airspace sparks fresh row

US Secretary of State postpones a planned trip to Beijing as tensions rise over balloon

BEIJING

CHINA said on Friday that a balloon spotted over American airspace was used for weather research and was blown off course, despite US suspicion it was spying.

Secretary of State Antony Blinken postponed a planned high-stakes weekend diplomatic trip to China as the Biden administration weighs a broader response to the discovery of a high-altitude Chinese balloon flying over sensitive sites in the western United States, a US official said on Friday.

After initially hesitating to say that the object was Chinese, Beijing in a statement late Friday admitted ownership, saying it was an airship that veered off course due to the winds.

"The airship is from China. It is a civilian airship used for research, mainly meteorological purposes," said the statement attributed to a foreign ministry spokesperson. "The Chinese side regrets the unintended entry of the airship into US airspace due to force majeure," it said, using the legal term for an act outside of human control. "The Chinese side will continue communicating with the US side and properly handle this unexpected situation."

The Pentagon said on Friday that the Chinese spy balloon was detected earlier over sensitive military sites in Montana but had moved eastward and was over the central United States, and that the US rejected China's claims that it was not being used for surveillance.

Brig. Gen. Pat Ryder, Pentagon press secretary, refused to provide details on exactly where the balloon was or whether there was any new consideration of shooting it down. Ryder said it was at an altitude of about 60,000 feet, was manoeuvrable and had changed course. He said it was currently posing no threat.

Biden was briefed and asked the military to present options, according to a senior administration official. The senior defence official said the US prepared fighter jets, including F-22s, to shoot down the balloon if ordered. Weather experts said China's claim that the balloon had gone off course was not unfeasible. China's account of wind patterns known as the Westerlies carrying a balloon to the western United States was "absolutely possible—not possible, likely," said Dan Jaffe, a professor of atmospheric chemistry at the University of Washington. *Agencies*

Ukraine may also get Germany's old Leopard tanks

BERLIN

UKRAINE could add old Leopard 1 battle tanks from German defence industry stocks to deliveries of modern tanks that Berlin and other governments pledged last week.

German government spokesman Steffen Hebestreit confirmed Friday that "export authorisation has been granted" but declined to give numbers or other details, saying that they may become more concrete "in the coming days and weeks."

He told reporters in Berlin that the application from industry to permit delivery of Leopard 1 tanks had been made 'some time' ago.

Hebestreit's comments came after *Sueddeutsche Zeitung* reported that the government had cleared the export of the tanks and that they could be sent as soon as the defence industry gets them in working order.

It said that two companies, Rheinmetall and FFG, want to prepare dozens of Leopard 1 tanks that could be delivered to Ukraine if it is interested. But it also said that there are issues so far with securing sufficient ammunition for the vehicles. It wasn't clear when any deliveries might be possible.

Ukraine's ambassador to Germany, Oleksii Makeiev, welcomed Friday's announcement from Berlin. "After the historic decision last week on the Leopard 2, it is an important signal that the tank coalition has not just been formed by the Western partners, but is increasing and becoming stronger," he told German news agency *dpa*.

Meanwhile, France and Italy have agreed to deliver mobile surface-to-air missile systems to Ukraine, the French defence ministry said on Friday.

The systems, MAMBA or SAMP, contain a vehicle-mounted, medium-range battery of missiles designed to offer protection from airborne threats.

Also, a new $2.2 billion US arms package for Ukraine includes a new rocket-propelled precision bomb that could nearly double Kyiv's strike range against the Russians.

Pentagon spokesman Pat Ryder said the new package includes the ground-launched small-diameter bombs (GLSDB), a munition that can fly up to 150 kilometres.

Ryder said he did not know how Ukraine planned to use the munition. The GLSDB, made by Boeing and Saab, is a gliding rocket with a small bomb attached. *Agencies*

Govt decreases excise tax on EV batteries to 1%

Thailand's National Committee on Electronic Vehicle Policy (EV board) has agreed to decrease the excise tax on EV batteries from 8% to 1%. The EV board also decided to offer a subsidy of 24 billion baht to the EV battery production sector. Talking about the subsidy aimed at reducing the prices of EV batteries and improving the nation's EV-making industry, Energy Minister Supattanapong Punmeechaow informed the subsidy is provided on a first-come, first-served basis. The size of the battery produced will determine the amount of subsidy offered. Makers of EV batteries with a capacity of less than 8 gigawatt hours (GWh) will get subsidy ranging from 400-600 baht per kilowatt hour (kWh). EV batteries with more than 8 GWh will get between 600-800 baht per kWh. Many EV operators have welcomed the government's decision

5-6 lakh Indian tourists expected in 2023

Malaysia is aiming to receive five to six lakh tourists from India in 2023 and targeting over 1.5 crore foreign tourist arrivals this year, a senior official of the Southeast Asian country's tourism body said on Friday. India has contributed around 7.35 lakh tourist arrivals in 2019, they said. "...I believe in 2024 we can achieve the 2019 level (tourist arrivals)," Mohammad Amirul Rizal Abdul Rahim, Senior Deputy Director of International Promotion, Tourism Malaysia said. "...Ever since the reopening of our international border in April 2022...we have welcomed more than 7 mn international tourist arrivals in 2022. Hence, we are optimistic about achieving higher numbers in 2023 where we target to welcome 15.6 million international tourist arrivals," said Zainuddin Abdul Wahab, Director General of Tourism Malaysia

Sikh man who wanted to kill queen admits treason

LONDON

A British Sikh man who wanted to 'assassinate' Queen Elizabeth II on Christmas Day in 2021 and was caught on the grounds of Windsor Castle armed with a crossbow has admitted to committing treason on Friday.

Jaswant Singh Chail, who identified himself as an 'Indian Sikh', wanted to kill the late monarch as revenge for the 1919 Jallianwala Bagh massacre in Amritsar in a social media video that emerged soon after his arrest.

Chail admitted to an offence under the United Kingdom's Treason Act at the Old Bailey court in London. Chail is being held at Broadmoor Hospital and will be sentenced by the court on March 31.

"This was an extremely serious incident, but one which the patrolling officers who appreheended Chail managed with great composure and professionalism," said Commander Richard Smith, who heads the Metropolitan Police's Counter Terrorism Command.

The 21-year-old pleaded guilty to an offence under section 2 of the Treason Act, 1842; an offence of threats to kill contrary to section 16 of the Offences Against the Person Act 1861; and an offence of possession of an offensive weapon contrary to section 1 of the Prevention of Crime Act 1953.

As per the Met Police, he was wearing black clothing and a metal mask and said to the officers he was there to kill Queen Elizabeth II. He was carrying a crossbow loaded with a bolt, and the officers drew their Taser guns and arrested him.

"He had made a video of himself stating his desire to harm the late Queen...," the Met Police statement said. *PTI*

Low annual H-1B limit hurting US firms: Report

WASHINGTON

THE low annual limit of 85,000 registrations for H-1B petitions is the main problem facing US employers trying to secure foreign talent, according to a new report about the skilled workers' visas, the most sought-after by Indian IT professionals.

Technology companies depend on H-1B visas to hire tens of thousands of employees each year from countries like India and China.

The report titled *H1B Petitions And Denial Rates In FY 2022* by National Foundation for American Policy (NFAP), a nonpartisan research organisation, said the low annual limit on H-1B petitions resulted in the vast majority of H-1B registrations not being selected.

H-1B denial rates have returned to low levels following the Trump administration's losses in federal court during Donald Trump's last year in office, meaning the low annual limit for H-1B petitions is currently the main problem facing employers trying to secure foreign-born talent, it said. The H-1B visa allocations are capped at 85,000 visas per year, with 20,000 of those set aside for workers holding advanced degrees from US institutions. The remaining 65,000 visas are awarded through a lottery system, making the competition for H-1B visas fierce.

In April 2022, US Citizenship and Immigration Services (USCIS) reported employers submitted over 4,83,000 H-1B registrations, almost 4,00,000 more than the 85,000-annual limit for H-1B petitions.

H-1B visas allow skilled foreign workers to work and live in the US for up to six years in specialised fields such as technology, engineering, and medicine. After six years, it opens up pathways to permanent residency or Green Card. *PTI*

Chinese government confirms offer to SL of debt moratorium

BEIJING

CHINA'S government on Friday confirmed it is offering Sri Lanka a two-year moratorium on loan repayments as the Indian Ocean island nation struggles to restructure $51 billion in foreign debt that pushed it into a financial crisis. China lent to Sri Lanka as part of Beijing's multibillion-dollar Belt and Road Initiative to increase trade by building ports and other infrastructure across Asia and Africa. The International Monetary Fund offered a $2.9 billion emergency loan but wants other creditors to cut debts, which Beijing had resisted, possibly for fear other borrowers would want the same relief. China presented a plan to "provide an extension on debt service due in 2022 and 2023," said a foreign ministry spokeswoman, Mao Ning on Friday. "During that period, Sri Lanka would not have to pay the principal and interest due on the bank loans."

China is Sri Lanka's third-biggest creditor after Japan and the Asian Development Bank, accounting for about 10% of its debt. But its lack of agreement blocked a final settlement.

Sri Lanka used Chinese loans to build an airport and other projects that failed to pay for themselves. India, which China sees as a strategic rival, announced last month it gave the IMF assurances to facilitate a bailout plan. India has given Sri Lanka $4.4 billion in emergency credit. *AP*

PAK TELLS CHINESE CITIZENS TO HIRE PVT SECURITY FIRMS

LAHORE

THE government in Pakistan's Punjab has told Chinese nationals residing in the province that it will not provide security to all of them and asked them to hire private security firms for the purpose, amidst frequent terror attacks in the country.

The directive from the home department of Punjab province was issued on Thursday, days after a deadly terror attack in a mosque in the police lines area of Peshawar city killed 101 people, mostly policemen.

"The Punjab Home Department has directed the Chinese nationals living in the province or working with private companies to hire private security companies of A category for their security," said the directive. However, the Punjab government clarified that it would continue to provide security to Chinese nationals working on the China-Pakistan Economic Corridor (CPEC) and other government-related projects in the province. In the recent past, there have been several incidents in Pakistan in which Chinese nationals residing in the country for both government and private projects have been targeted.

China has been pressing Pakistan to provide fool-proof security to its nationals working in the country's restive regions. In one such major incident in July 2021, ten Chinese nationals, mostly engineers, were killed and 26 others were seriously injured after a suicide attack on a bus that was ferrying them to the work site of the Dasu Hydropower Project in Kohistan district of Khyber Pakhtunkhwa province. *PTI*

PAK PM CALLS FOR NATIONAL UNITY AMID TERROR ATTACKS

Peshawar: Amidst a wave of terror attacks in Pakistan, PM Shehbaz Sharif on Friday acknowledged the failure to avert the Peshawar carnage that killed over 100 people and called for "national unity" to tackle the menace. Sharif also expressed frustration at the criticism levelled against the federal government from opposition parties in the wake of a series of terror attacks. "There is a need for unity across the political spectrum. This act of terrorism managed to breach the security check post and reach the mosque. We should not feel hesitant in admitting the facts," Sharif was quoted as saying by the *Dawn*.

South Korean ex-minister gets two years jail

SEOUL

A South Korean court on Friday sentenced a former justice minister, Cho Kuk, to two years in prison, after he was found guilty of creating fake credentials to help his children get into prestigious schools. Cho was also found guilty of abusing his powers while serving as a senior aide to former President Moon Jae-in, by blocking an investigation into a former Financial Services Commission official seen as close to Moon who was eventually arrested for taking bribes from businesspeople.

Cho said that he plans to appeal, and if he does within seven days he will stay out of prison until at least the appellate ruling. He apologised for the perks his daughter has received but denied legal wrongdoing.

The Seoul Central District Court said it was clear Cho had a role in colluding with his wife to fake the credentials of their daughter to help her get into the medical school of Seoul National University. The court found Cho guilty of violating an anti-graft law for public servants by receiving $4,800 in the form of her daughter's scholarship from Roh Hwan-jung, former head of PNU's medical school, from 2017 and 2018. *AP*

Adani Ent hits new low, S&P downgrades Adani Ports

ENS ECONOMIC BUREAU
@ New Delhi

SHARES of Adani Enterprises, the flagship company of Adani Group, hit a fresh 52-week low of ₹1,017.45 on the NSE after it crashed 35% in the early trading hours of Friday as Dow Jones announced removing the scrip from its Sustainability Indices, effective February 7, 2023, following the scathing Hindenburg Research report.

After hitting the 52-week low, the stock recovered about 50% intraday to close the Friday session at Rs 1,531, down 2% from the previous trading session.

In the last 5 sessions, AEL shares have taken a hit of 50% while in one month, it lost about 60% of its value.

Meanwhile, Adani Ports and Special Economic Zone(APSEZ) made a strong recovery on Friday and closed with a gain of about 6% at ₹488.40. Going forward, the stock may face pressure as S&P Global Ratings on Friday downgraded its outlook on APSEZ and Adani Electricity to negative from stable. S&P said there was a risk investor concerns about the group's governance and disclosures were larger than what the agency has currently factored. APSEZ has fallen about 36% in the past 7 sessions.

Six Adani stocks (Adani Total Gas, Adani Green, Adani Transmission, Adani Wilmar, Adani Power, and NDTV) were again locked in at their respective lower price bands of 5-10%. The Group's cement entities- ACC and Ambuja- closed with decent gains on Friday.

Sensex up 910 pts on Fed decision

Dovish-than-expected stance of US Federal Reserve lifts hopes of slowing rate hikes

ARSHAD KHAN @ New Delhi

MAKING a sharp recovery from the initial pressure of early trading hours, the BSE Sensex surged 910 points on Friday while the NSE Nifty gained 244 points as financial stocks defy the Adani Group rout.

This rise is also attributed to a dovish-than-expected stance of the US Federal Reserve that lifted hopes of slowing rate hikes and a soft landing for the US economy.

The 30-share index Sensex closed 1.52 % higher to settle at 60,842 while the NSE Nifty shut shop 1.38% higher to end at 17,854.

This is the first big pre or post-budget rally in the domestic capital market as a sharp sell-off seen across Adani stocks post the Hindenburg research report dealt a severe blow to investors' sentiment across the street.Titan, Bajaj twins, HDFC twins, Adani Ports (APSEZ), SBI, IndusInd Bank, Eicher Motors, M&M, Airtel and SBI Life were the top winners in the Nifty pack, which ended 3-7%higher. Divislab, Adani Enterprises, and IT majors- Wipro and HCL Techwere among the top losers in the Nifty. Adani Enterprises on Friday hit a fresh 52-week low but recovered over 50% to close with a cut of 2%. Meanwhile, 6 Adani stocks closed 5-10% lower after hitting their respective lower price bands.

Vinod Nair, Head of Research at Geojit Financial Services, said that the markets are rising, assuming that we are in the last phase of the rate hike cycle as indicated by the Fed statement.

He added, "Adani Group stocks revived post the confident statement by Total Energies, a large French energy company, raising the sentiment of the market. Pharma stocks have taken a beating as a result of weak third-quarter results." Sameet Chavan, Chief Analyst-Technical and Derivatives, Angel One, said that although the market managed to recover lost ground this week, we are still not completely out of the woods yet. A continuous news flow with respect to the Adani group is likely to give volatile swings on both sides, he added.

BOJ'S KURODA SEES WAGES RISING 'QUITE SIGNIFICANTLY'

Bank of Japan (BOJ) Governor Haruhiko Kuroda said on Friday he expected wages to rise "quite significantly", boosted by improvements in the economy and a tightening job market. But he told parliament the central bank must maintain ultra-loose monetary policy to support the economy, and create an environment in which companies can increase wages. Kuroda has insisted that the BOJ's ultraloose policy must continue until there are signs inflation can be sustained by stronger pay gains. Some of Japan's biggest companies, including Suntory Holdings and Uniqlo-operator Fast Retailing, are already making moves to ramp up wages by much more than usual as inflation hits a four-decade high. If this early momentum gains traction, the economy appears headed for an inflection point that may be used to justify change under a new BOJ governor set to take on the role in April. But the reality is not so simple. Japan's labor market lacks the flexibility seen in the U.S. or the U.K., with major unions having prioritized job security over pay for decades. And while Kuroda has said pay increases of 3% would support sustainable inflation of 2%, it isn't clear how widespread the gains need to be or which wage indicator might trigger a policy shift.

CHINA

IMPORTS OF FUEL BLENDED FROM RUSSIAN BARRELS UP

China's independent refineries are ramping up imports of discounted fuel oil blended from Russian barrels to use as low-cost feedstock amid a shortage of government crude oil import quotas for some of them, according to trade sources and data. Western sanctions over Russia's invasion of Ukraine, including the looming Feb. 5 embargo and price cap on refined products, have been pushing Russian fuel oil barrels eastward into Asia at attractive discounts since last year. These have been flooding the ship-to-ship transfer hubs of Malaysia and United Arab Emirates' Fujairah since the second quarter of 2022. Traders blend these barrels with other oils to rebrand the fuel oil's country of origin, clearing the way for ship insurance and financing that would otherwise be banned under the sanctions, trade sources said. Discounts offered on these fuel oil cargoes help to improve margins at Chinese independent refiners and replace crude that some companies are unable to import without quotas, the sources said.

INDONESIA

ECONOMY LIKELY LOST SOME STEAM IN Q4

Indonesia's economic growth likely slowed in the fourth quarter as declining commodity and energy prices hit exports, and a widely expected global recession could accelerate the slowdown this year, a Reuters poll found. Southeast Asia's largest economy exported a record $292 billion in 2022, driven by high global commodity prices that boosted the value of the rupiah and improved the country's current account. But export growth slowed in the latter part of the year as prices moderated. After reporting its strongest annual growth in more than a year in the third quarter, the resource-rich economy expanded a weaker 4.84% in October-December. If realised, it would be the slowest growth rate in over a year. Forecasts for gross domestic product (GDP) growth, due to be released on Feb. 6, ranged from 4.00% to 6.20%. On a quarterly basis, growth was expected to have eased to 0.33%, down from 1.81% in the third quarter. That was based on a smaller sample of forecasts. Growth was forecast to have averaged 5.3% last year, but a separate Reuters poll said that rate would slow to 4.8% this year, still well within the range of Bank Indonesia's projection of 4.50% to 5.30%.

Govt agrees to convert VIL interest dues into equity

RAKESH KUMAR @ New Delhi

ENDING months of speculation and uncertainty, the government has agreed to convert interest dues related to deferred adjusted gross revenue (AGR) and spectrum usage charge (SUC) payments into equity.

Telecom operator Vodafone Idea Limited (VIL) on Friday said in an exchange filing the total amount to be converted into equity shares is ₹1,613 crore at a price of ₹10 each. Following this move, the government will have 33% stake in Vodafone Idea, making it the single-largest shareholder in the private company.

Vodafone's stake in Vodafone Idea now has fallen from 47.61% to 31.8% and Aditya Birla Group's holding will drop from 27.38% to 18.3%.

The company has been directed to issue 1613,31,84,899 equity shares of the face value of Rs. 10 each at an issue price of Rs. 10 each," said the company in an exchange filing.

This comes after almost a year since when the debt-laden telco opted to convert the interest dues of Rs. 16,130 crore related to deferred AGR and SUC payments into equity.

In October last year, Securities and Exchange Board of India (Sebi) also cleared the government proposal to convert dues into equity.

The move by the government to finally agree to convert its dues to equity has come as a lifeline for the company. The company has in the recent past expressed its inability to raise funds because of the government's delay in converting its dues into equity. It also blamed the government for its inability to invest in 5G rollout. The government has on many occasions said that the telco needed capital infusion more than the government's conversion of its dues into equity.

The industry experts opined that raising funds for the telco is still the biggest challenge.

AI-CHATBOT

Google to introduce ChatGPT rival

ENS ECONOMIC BUREAU
@ Bengaluru

GOOGLE is likely to launch a ChatGPT rival in coming weeks. During the internet search giant's earnings report, Sundar Pichai, CEO of Alphabet and Google, said, "It is a really exciting time and we are investing for a while in AI (Artificial Intelligence) and consumers are interested in trying new experiences."

It is said that Google will soon roll out its AI chatbot LaMDA. "These models will keep getting better. We are just at the beginning of the AI journey," he said.

The company's rival Microsoft has already invested in OpenAI, whose AI-chatbot ChatGPT has gained immense popularity across the world.

IT hiring falls 10% in January on recession fear

UMA KANNAN @ Bengaluru

WITH macroeconomic headwinds and recession fears, hiring in the IT sector has again dipped in January 2023. Last month's active jobs data shows a 10% drop from the IT sector collective- comprising services, products and start-ups.

After the record low figures-106,000- in October 2022, the IT collective had shown signs of recovery with improving numbers in November and December. Specialist staffing firm Xpheno said, however, the curve has dipped again in January with the sector putting out 112,000 active jobs, when compared to 124,000 in December 2022.

In its Active Jobs Outlook-January 2023 report, the IT sector's January 2023 active jobs volume, on Y-o-Y basis, closed 59% lower than the same period last year. In January 2022, active jobs volume was 273,000.

Anil Ethanur, co-founder, Xpheno, said 2023 has begun on a rather damp note for hiring in the India Tech Sector. "The macroeconomic movements in the west and other key client markets are having a sustained impact on the Indian Tech Sector's collective talent demand over the last 12 months," he said.

The local hiring patterns of the tech sector have also been sensitive to the layoff trends over the last quarter. The gradual drop in hiring demand in the Indian tech sector has been largely correctional, but currently entering a phase of negative impact if further sustained, he added.

The IT sector's contribution to overall active jobs has hit the record lowest of 40%, according to the firm. The sector had earlier registered an 84% contribution in January 2022. Tech cohort of IT services dropped by 7%, while startups cohort dropped 6% in Active Jobs in January 2023. Software products cohort dropped by 16% over December 2022 volumes. Hiring remains slow across the IT sector. After hiring record numbers in last fiscal, IT companies said its focus this year has been on utilising all that excess capacity. They also want the newest employees to be more productive.

Salil Parekh, CEO and MD of Infosys, recently said, "We have the number of hiring based on what we saw on the demand, and we have also had a very strong hiring for the full year in FY23 and also before that. And we are making sure that all of that hiring goes through our various training and is ready for deployment."

Bullish on India market, says Apple CEO Tim Cook

ENS ECONOMIC BUREAU
@ New Delhi

APPLE CEO Tim Cook has said he is 'very bullish on India' and described the country as a major focus and 'hugely exciting market'.

The technology giant is putting a 'significant amount of energy' through investments, retail and online presence in the country.

Apple on Thursday reported revenue of $117.2 billion for the December quarter and set 'all-time revenue' records in a number of markets, including Canada, Indonesia, Mexico, Spain, Turkey and Vietnam, along with quarterly records in Brazil and India.

The $117.2 billion revenue was down 5% year-over-year, from nearly $124 billion in December 2021 'as a result of a challenging environment.' Cook was responding to a question on Apple's plans for India as the market emerges from the COVID-19 pandemic.

Cook said, "looking at the business in India, we set a quarterly revenue record and grew very strong double digits year-over-year." In a statement, Cook said that during the December quarter, Apple achieved a major milestone and now has more than two billion active devices as part of its growing installed base.

Sebi tweaks framework on credit rating agencies

ENS ECONOMIC BUREAU @ Mumbai

THE Securities and Exchange Board of India (Sebi) on Friday tweaked its operational circular on credit rating agencies (CRAs), asking them to have a detailed policy by March-end in respect of non-submission of crucial information, including quarterly financial numbers, by the issuers.

Also, the detailed policy should contain methodology in respect of assessing the risk of non-availability of information from the issuers, including non-cooperative issuers and the steps to be taken under various scenarios in order to ascertain the status of non-cooperation by the issuer company.

Further, CRAs will have to follow a uniform practice of three consecutive months of non-submission of no-default statement (NDS) as a ground for considering migrating the ratings to INC (issuers not cooperating) and need to tag such ratings within 7 days of three consecutive months of non-submission of NDS.

The CRA in its judgement may migrate a rating to the INC category before the expiry of three consecutive months of non-receipt of NDS.

In its fresh circular for CRAs, the regulator said that these requirements would be applicable by March 31, 2023.

Prior to that, the Securities and Exchange Board of India (SEBI) came out with an operational circular on CRAs in January, which was to come into effect from February 1.

Q3FY23 RESULTS

SBI exposure to Adani Group about ₹27,000 cr: Chairman

ENS ECONOMIC BUREAU
@ Bengaluru

STATE BANK OF INDIA (SBI) on Friday said its exposure to Adani Group is of nearly ₹27,000 crore or 0.8-0.9% of its loan book.

Announcing third quarter results, Dinesh Khara , chairman of SBI, said he doesn't envisage any challenge from the Group to meet debt obligations.

"We have lent to Adani for projects which have tangible assets and have adequate cash collections. They are able to meet obligations. It is only 0.8-0.9% of our loan book," said Khara, addressing media persons after announcing the results.

The country's largest lender has not given loans against shares to the Adani Group companies and SBI will not be impacted by the recent crash in the shares of Adani firms.

"We have not extended any loan against shares. The stock price will not impact our loans. As I mentioned, it is all against assets that are cash generating and have an excellent track record in repayments," Khara said.

The bank's net profit surged 68.5% to ₹14,205 crore for the December quarter, up from ₹8,431.9 crore in the corresponding period of the previous year. The net interest income increased 24% to ₹38,068.6 crore in December quarter versus ₹30,687.4 crore year-on-year.

Bank's asset quality showed significant improvement in the December quarter and its gross bad loan ratio dropped to 3.14 % from 4.50 % a year ago.

IndiGo net profit soars to ₹1,422.6 cr on travel demand

NEW DELHI: InterGlobe Aviation on Friday reported a steep rise in net profit at ₹1,422.6 crore in the third quarter ending December 2022 (Q3FY23).

The airline had reported a profit after tax (PAT) of ₹129.8 crore in the same period a year ago. IndiGo's total income jumped to ₹15,410.2 crore in the third quarter of the current fiscal from ₹9,480.1 crore in the year-ago period.

Excluding foreign exchange loss, the airline reported a profit of ₹2,009.1 crore in Q3FY23 quarter compared to ₹125.2 crore in the year-ago period.

The budget carrier ferried 2.23 crore passengers in the third quarter, an increase of nearly 26%, on the back of strong travel demand, as compared to the same period a year ago when it stood at 1.78 crore. *ENS*

ITC net profit increases 23% to ₹5,070 crore

ENS ECONOMIC BUREAU
@ New Delhi

ITC Ltd on Friday reported a 23.09% rise in consolidated net profit at ₹5,070.09 crore for the third quarter ending December 2022. The rise in the company's net profit was helped by growth momentum across its operating segments.

It had reported a net profit of ₹4,118.80 crore for the same quarter of the previous fiscal, ITC said in a regulatory filing. Its revenue from operations was up 3.56% to ₹19,020.65 crore during the quarter under review, as against ₹18,365.80 crore in the corresponding period of the previous fiscal.

"The company sustained its strong growth momentum across all operating segments during the quarter driven by focus on accelerated digital adoption, customer centricity, execution excellence and agility," it said in an earnings statement. Economic activity in India continued to gather momentum with "sequential moderation in commodity inflation" even as core inflation remained elevated.

"Rural demand continued to be relatively subdued while improving sequentially. Consumer sentiments improved during the quarter but remained below pre-pandemic levels," it said.

Total expenses were at ₹12,772.27 crore, down 3.29% in Q3FY 22.

Cognizant net profit falls 9.5%, revenue likely to fall

ENS ECONOMIC BUREAU
@ Bengaluru

NASDAQ-LISTED IT services company Cognizant on Friday posted a 9.5% decrease in net profit at $521 million for the fourth quarter ending December 2022.

Its net profit in the same quarter last year stood at $576 million. Beating Street estimates, Cognizant reported a 1.3% increase in its revenues at $4.83 billion compared to $4.77 billion in the year-ago period. The company had said in the previous quarter that its fourth quarter revenue guidance will be $4.72-$4.77 billion, a decline of 0.2%-1.2%.

Cognizant, which follows the calendar year, expects its first quarter revenue to be $4.71-$4.76 billion, a decline of 1.5% to 2.5%, or a decline of 1.0% to flat in constant currency.

Kyrgios pleads guilty but avoids conviction

Australian tennis star Nick Kyrgios on Friday pleaded guilty to assaulting a former girlfriend, but avoided a conviction for what the magistrate called a "single act of stupidity". Appearing in a Canberra court, the Wimbledon finalist admitted assaulting then-girlfriend Chiara Passari on January 10, 2021, by pushing her to the ground after a heated argument.

DOZENS OF COACHES JOBLESS AFTER SAI ENDS CONTRACTS

Reputed coaches including high performance managers were relieved of their responsibilities; a few of them struggling to make ends meet

FIROZ MIRZA @Chennai

EVEN as the world was gearing up to enter the New Year, over four dozen coaches working with various National Centres of Excellence (NCOE) of the Sports Authority of India (SAI) across the country got pink slips. Those include reputed coaches, who had been honoured with Dronacharya Awards in the past.

What's more pitiable is these coaches were not even given a week before ending their contract. A few of them, who are the sole earning member of their respective families, are now struggling to make ends meet with no immediate relief in sight.

Sources in SAI however felt that the coaches knew their contracts were ending on that particular date. The coaches felt it was harsh as contracts usually get renewed automatically and if it was not getting renewed, they should have been given some time.

"It doesn't even look like a formal letter. They just typed termination of our services on an A4 letter bearing the signature of the Chief Executive Officer of the Target Olympic Podium Scheme (TOPS). They even got his designation wrong while writing the full form as they wrote chief operating officer with CEO in the bracket," one of the jobless coaches told this daily on condition of anonymity. The coach is now urgently looking for a job but couldn't land one in the past month. "I have approached a few centres but they don't have vacancies at the moment. Had they given us a notice period, we would have found alternatives. However, now I am not getting a monthly salary to pay my EMIs and it's getting difficult with each passing day," the coach rued.

Another coach, who could have joined one of the country's reputed sports centres a few months back but preferred to stay back with the NCOE, is now repenting his decision. "They praised my work but that doesn't matter. What matters is that I am jobless now. The letter does request me to check their official website for future vacancies but how it can be of immediate help to me," said the coach. Even insiders in SAI said that they can re-apply as and when the ad is released.

All the coaches this daily spoke to were recruited by the SAI on recommendation from their respective National Sports Federations (NSFs) or through the TOPS.

The decision to end their contract was delivered through the regional directors of their respective NCOEs. "The letter doesn't mention it but our regional director told us that the SAI is formulating a policy and will soon announce vacancies. However, it was learnt that the SAI will prefer those coaches who hold a diploma in coaching from the National Institute of Sports, Patiala, another SAI centre," said the coach.

The coaches approached their respective NSFs which in turn urged the SAI to extend their contracts. Unfortunately, the federations haven't received the reply yet. "Even our NSFs can't do anything at the moment. They wrote to SAI but the response is still awaited. As far as a job in the domain of coaching is concerned, SAI is the biggest employer in the country. We can't afford to be in its bad books. We will reapply, once the vacancies are announced but even then those, who don't possess the NIS diploma would have a slim chance," signed off the coach. Some say it is a procedural issue and the coaches can re-apply. However, the entire procedure usually takes two-three months. While a few got lucky as they were absorbed in other programmes. It needs to be seen if the same set of coaches will be accommodated in SAI through a process of selection.

EYE ON TITLE CONTENDERS

The Premier League is back after a two-week break. A look at some of the matches over the weekend...

EVERTON VS ARSENAL

The league leaders face a test at Merseyside who will hope that new boss Sean Dyche is able to hit the ground running. The hosts will always be able to bank on their famous crowd support. Last season, they beat the Gunners at home and will look to do something similar.

SATURDAY 6.00 PM

TOTTENHAM VS MAN CITY

Erling Haaland (*in pic*) scored a hat-trick in his last league game but there are still some question marks over the side as they go to the London stadium. The hosts can welcome back the attacking cavalry in the form of Harry Kane, Son Heung-min and Co, so this could be a banana peel of a fixture.

SUNDAY, 10.00 PM

WOLVES VS LIVERPOOL

A stuttering Liverpool who suffered in the FA Cup last week will hope for some comfort in the league at Wolves who have steadied the ship under new boss, Julen Lopetegui. Ninth and 10 points from fourth spot, the Reds face a real fight on their hands.

SATURDAY, 8.30 PM

Other games (select)

Man United **vs** Crystal Palace (8.30 PM, Saturday)

Newcastle **vs** West Ham (11.00 PM, Saturday).

Baltic PMs bat for outright Russia ban

AP @Copenhagen

THE prime ministers of the three Baltic countries urged the International Olympic Committee (IOC) to ban Russian athletes from next year's Paris Games because of the war in Ukraine, saying on Friday a boycott was a possibility.

Estonian Prime Minister Kaja Kallas said athletes from her country could be put in a situation where they are competing against Russians, claiming many of them 'are soldiers.' "I think that our efforts should be on convincing our other friends and allies that the participation of Russian and Belarusian athletes is just wrong," Kallas said. "So boycotting is the next step. I think people will understand why this is necessary."

Her Latvian counterpart, Arturs Krisjanis Karins, called it 'morally reprehensible' to allow Russians to compete at the Olympics.

123 positive doping cases in 2022: Min

INDRANEEL DAS @Chennai

THE numbers definitely don't lie. In 2022, there have been at least 123 positive cases in doping which is quite high. India once again could figure in the top on the World Anti-Doping Agency list. According to a statement tabled in the Rajya Sabha to a question on doping tests for sportspersons, the sports ministry said there were 123 anti-doping rule violations (ADRVs) last year. The bright side is that the number of tests increased considerably.

The National Anti Doping Agency (NADA) has been doing their bit to catch dope cheats and going by the spate of recent positive cases, they are concentrating on big names across all sports. In 2022, the number of dope tests crossed 4000, 4260 to be precise, first time since 2019 when the figure was around 4228 (according to WADA testing report) with 196 adverse analytical findings (AAFs). Percentage-wise, it's 2.88 per cent positive in 2022. In 2019, it was 4.63 per cent.

To put the percentage of positive cases in context, countries like China, Germany and Russia collected over 10,000 samples in 2021 (WADA anti-doping testing report). The China Anti-Doping Agency tested 24501 samples, with 57 positive cases; its AAF is at 0.2 per cent. Similarly, the German National Anti-Doping Agency collected 14738 samples that had 0.3 per cent (37 AAFs) and Russia National Anti-Doping Organisation tested 10,001 and had 85 positives at 0.8 per cent.

In 2020 and 2021, because of Covid 19 pandemic, the numbers were very low. One must also take into account that the National Dope Testing Laboratory too was suspended until December 2021 and could have had a role in low collections. In 2020, the testing figures were only 1250 and positive tests were 55 at a very high 4.4 per cent. Going by the WADA 2020 Anti-Doping Testing Figures, India was among the top nations and was No 1 if collection of 1000 or more samples were considered. In 2021, there were 46 positive cases from 1954 tests, which is relatively better than previous year.

Last year can be considered as one of the best years for NADA, not just in terms of collecting samples but also testing top athletes (both national and international medallists).

High-level committee for Olympics

ENS @Chennai

THE sports ministry has constituted a 17-member high-level committee to oversee/support/coordinate and strategize the preparation for 2024 and 2028 Olympics. The sports minister will be the chairperson. The sports secretary and the director general of SAI along with two joint secretaries from sports ministry are on the list.

Other members are Indian Olympic Association (IOA) president PT Usha, IOA athletes commission chairperson and vice chairperson MC Mary Kom and Sharath Kamal, IOA vice president and member of Mission Olympic Cell Garan Narang and former India hockey captain Viren Rasquinha. President of Athletics Federation of India (AFI) too is added. Interestingly, instead of accommodating an official from a sport that has regular Indian representation in the Olympics, president of All India Football Federation president has been included. Target Olympic Podium Scheme (TOPS) CEO, and two directors of sports are there.

The committee, according to a ministry letter, has been set up to ensure "that the performance of athletes is optimized in the Olympics and other multi-disciplinary events".

Kuttappa back as head coach of men's boxing team

ANMOL GURUNG @Chennai

THE elite men and women boxers of the country are currently engaged in a coaching camp at SAI NIS Patiala. All the top-ranked pugilists, including those who won the national championships, have been part of it since January 20 and will continue to train until March 31 under the guidance of various coaches and support staff.

One name in the camp that strikes out is CA Kuttappa. The Dronacharya awardee is back as head coach of the men's team, which comprises well-known glovesmen like Shiva Thapa and Mohammad Hussamuddin. Kuttappa has taken over from Narendra Rana, who was part of the ASBC Asian Boxing Championship in Amman last October. Rana had occupied the position since October, 2021.

"We felt that the team's performance during the Asian Championships was not up to the mark. Just one boxer managed to reach the final. So that is why we came to that decision," a Boxing Federation of India (BFI) official, who was part of the decision-making process, told this daily when queried about the matter. Indian men boxers had returned with one silver and four bronze medals in 13 weight categories during the continental meet.

CA Kuttappa

This is Kuttappa's second stint with the men's team as head coach. After a forgetful outing during the Tokyo Olympics in 2021, the Mysuru man had been removed from the top post, but he had remained active behind the scenes as part of the coaching staff in Patiala. During Kuttappa's last stint, Amit Panghal had made history during the 2019 World Championships. Panghal had become the first male pugilist from the country to pocket a silver medal during the marquee event then. Much before that feat, he had earned his stripes by helping the likes of Vijender Singh, India's first boxer to medal at the Olympics, and M Suranjoy Singh, a former champion of the sport from Manipur. However, a disappointing display during the Tokyo Olympics had forced the BFI to remove him from the main post.

Before the focus turns to Kuttappa and his wards, the women boxers will be in the spotlight soon, with India set to host the IBA Women's World Championships in March. The BFI is expected to name the team in the next few days or so as the deadline for registration is February 10. There are talks that the team will be decided based on the boxers' output during the ongoing camp.

Unlike previous occasions, where trials would be generally conducted just before a key international event, there's a likelihood that the BFI might do away with trials and pick boxers based on the assessment of the high-performance director, Bernard Dunne, and all the members of the coaching staff.

India No 3 in IBA world rankings

WITH medals in various competitions, there's a clear sign that Indian boxers have lifted their game in recent years. Nikhat Zareen seems to have found her mojo while there are some talented youngsters who have impressed. The International Boxing Association's (IBA) latest world ranking chart is a testament to that.

According to the IBA rankings, India occupy the third spot. With 36,300 ranking points, India are only behind Kazakhstan (48,100) and Uzbekistan (37,600). USA and Cuba, known to be boxing powerhouses, are ranked fourth and ninth, respectively. "This is a milestone moment for India, BFI, its boxers and all the fans out there. From the 44th position a few years ago to third, Indian boxing has taken a giant leap. BFI has been working hard to fulfil the mission of making India a boxing powerhouse...," BFI president, Ajay Singh, was quoted as saying in a release.

HANDSOME WIN

Ranji Trophy: Innings victory for Karnataka

AGENCIES @Bengaluru

EIGHT-TIME champions Karnataka dominated with both the bat and ball as they thrashed Uttarakhand by an innings and 281 runs to enter the semifinals of the Ranji Trophy here on Friday. Resuming at their overnight score of 106 for 3 after following on, Uttarakhand batters could add just 103 runs before being bowled out for 209 in 73.4 overs on the fourth day of the quarterfinal match.

Swapnil Singh (51 off 100 balls) top-scored for Uttarakhand.

Shreyas Gopal turned out to be the star for Karnataka, as, after making an unbeaten 161 with the bat in his team's massive first innings total of 606, he returned with figures of 3/26 in Uttarakhand's second essay to claim the player-of-the-match honour.

Besides Gopal, Vijaykumar Vyshak (3/55), Vidwath Kaverappa (2/30) and M Venkatesh (2/44) also chipped in with wickets.

MP beat Andhra by 5 wickets

INDORE: Riding on half-centuries from opener Yash Dubey and Rajat Patidar, defending champions Madhya Pradesh completed their remarkable fightback as they beat Andhra by five wickets to enter the Ranji Trophy semifinals.

After conceding a big first innings lead of 151, MP bounced back on the third day on Thursday by skittling out Andhra for a mere 93 in 32.3 overs in the visiting side's second innings.

Set a target of 245 to win the quarterfinal match, MP were 58 for no loss on Thursday and they knocked off the remaining 187 runs in 61 overs on Friday to win the match with a day to spare. MP will now take on Bengal in the semifinals from February 8 in a repeat of last edition's last-four stage match.

Thailand Open: Praneeth bows out

BANGKOK: Indian shuttler B Sai Praneeth's impressive run came to an end after he went down fighting to China's world number 23 Li Shi Feng in the men's singles quarterfinals of the Thailand Open Super 300 badminton here on Friday. Praneeth, who had competed at the Tokyo Olympics, blew a substantial lead of 15-10 in the opening game to lose 17-21, 23-21, 18-21 to bring down curtains on India's campaign.

Davis Cup: Yuki outplayed by Rune

HILLEROD: It was always a tall task for Yuki Bhambri to counter World No 9 Holger Rune and there was no surprise as Denmark's top singles player raced to a straight set win to put the hosts up 1-0 in the Davis Cup World Group I Play-off tie against India here Friday. Up against a formidable rival, Yuki needed a special effort but he went down 2-6, 2-6 in mere 58 minutes in the opening singles of the rubber.

BCCI secy in Bahrain to attend ACC meet

NEW DELHI: Indian cricket board secretary Jay Shah has flown to Bahrain where an emergent meeting of the Asian Cricket Council (ACC) has been called at PCB chairman Najam Sethi's behest to decide fate of Pakistan's Asia Cup hosting rights. If sources in the BCCI are to be believed, there is little to no chance of the Asia Cup being held in Pakistan in September. If at all, the tournament will either be shifted to UAE with PCB retaining the hosting rights or Sri Lanka could be the other option.

RECORDING TALES OF YORE

Celebrated author and historian Anirudh Kanisetti on 'The Altar of Time' being India's first museum podcast and the scope of podcasting in retelling history

IN the heyday of American podcaster Dan Carlin's acclaimed podcast 'Hardcore History', Christopher R Matthews praised his work saying, "Carlin puts the 'hardcore' in Hardcore History by focusing his narratives on the most violent and dramatic moments in human history, filling his show with colourful anecdotes that were most likely left out of your high school history class." Just like Hardcore History, many other podcasts have changed the way listeners perceive history. It can be said that historian and author Anirudh Kanisetti and creator Kevin Fernandes are on a similar path.

For Kanisetti, already the creator of two history podcasts Yuddha and Echoes of India, the latest feather in his cap is 'The Altar of Time: A History of India's Christian Art', a podcast about the art collection of the Museum of Christian Art (MoCA), Old Goa, which he co-created with Fernandes. Working with the India Foundation For The Arts (IFA), Bengaluru, 'The Altar of Time' is regarded as India's first-ever museum podcast.

"No other museum in the country has a podcast dedicated to its collection. Of course, the use of audio guides is a popular curatorial tool in museums across India. But what makes a podcast different is space. One can only access an audioguide in the museum, but a podcast takes the museum outside its original space and makes it accessible to people across the world, through the curation and storytelling prowess of the narrators," says Kanisetti.

So, what made him work with Fernandes on this project? "We began this project with the IFA and MoCA in September '21. The project emerged after I visited the museum in March of that year, and after subsequent conversations between Fernandes and myself about the objects in the collection. When I saw that the museum had issued a call for proposals with the IFA, I was immediately captivated by the idea of doing a podcast. As a dear friend, as a practising Catholic, and with his interest in the history of his own community (the Mangalurean Catholics, who are part of the Goan diaspora), I was sure that Fernandes was the right person to work on this with, and he was gracious enough to come on board," shares the 28-year-old, who is an admirer of historian William Dalrymple's podcast 'Empire'.

He mentions that he was driven to podcasting due to the lack of well-researched and well-told history podcasts focusing on India. 'The Altar of Time' tries to break the myth of Christianity's origins in India.

"Contrary to popular belief, Indian Christianity is not a colonial import. Nor was it uninterested in or impermeable to Indian ideas. Indian Christianity has a history of nearly 2,000 years; it is as old as Christianity itself, and it is certainly older than Eurocentric notions of Christianity. At a time when the Indianness of non-Hindus is constantly being contested, a collection like that of the MoCA is a perfect space to explore how Indians have engaged with Christianity on their own terms, and how Christianity in turn has been enriched by Indian traditions and people," shares the author of *Lords of the Deccan: Southern India from Chalukyas to Cholas*, adding that they have used storytelling narratives to bring the artefacts to life in their original settings.

Kanisetti firmly believes podcasts humanise and narrativise history, making it more alive and engaging. "Instead of dry words in a book, we can have living, breathing people telling the stories of others like us, who lived many centuries ago. By restricting ourselves to a purely audio format, we have to be creative with how we evoke vivid visual images and emotions in our listeners. And podcasts also suit the needs and lifestyle of our times – our listeners can learn history and be entertained and moved while stuck in traffic, doing the dishes or working out," he concludes, adding they are looking to translate 'The Altar of Time' series to Konkani, thereby breaking new ground in regional-language podcasting.

1. This is made by deep-frying Vigna mungo flour batter in a circular flower shape. It is also a very famous Iftaar item in Bangladesh. The sugar syrup in which this sweet is soaked is flavoured with edible camphor, cloves, cardamom, Keira and saffron.
2. This is from Karnataka state's coastal border. It was popularised by Maulana Nakhwa Ruknuddin. This sweet is named after famous wrestler Eugene Sandow. The sweet is made from wheat 'milk' extract.
3. Made from Sitabhog rice, it is believed to be the favourite of King Ram's wife, Sita. This sweet soon became a favourite of Lord Curzon in Burdwan too. What are we talking about?

FIT BIT

SEATED WINDSHIELD WIPER POSE

This has many variations, and this one particularly is the easiest of them all. It is the dynamic movement of the hips, moving the thighs that resemble how the wipers of a vehicle move.

STEPS

- First, sit comfortably in Baddha Konasana comfortably with thoughts centred, keeping the hands behind on the floor.
- Now, with both the hips in external rotation, lean back and gently move the left hip in internal rotation, by placing the left knee inside, close to the right foot.
- In the dynamic way, repeat this by taking the right hip in internal rotation, while slowly lifting to take the left hip in external rotation.
- Keep at this flow moving one hip in internal rotation and with the other in external rotation for about 6-8 times, as your breath guides you in this flow. You can also do this slowly, holding each twist for about 6-8 breaths.
- While holding this pose, watch for the stretch around the lower abdomen, upper and inner thighs. It reduces leg cramps allowing a gentle stretch to the pelvic floor muscles.
- Release from the flow and come to the counter pose in Dandasana Hands Back, which is a symmetrical pose, to relax the hips and lower back.
- While in the twist, you can even consider using blankets either for their hips, or to place beneath the knees.

BENEFITS

- Opens the IT band, quadriceps, gluteus maximus, abdominal muscles, psoas, and lower back.
- Reduces tightness and stiffness from your back or hips.
- Activates the knee, quadriceps, lower back, spine and the obliques.
- Can be practised even as part of restorative yoga.
- Good for the flexibility of the back.
- Helpful for the flexing of hips, psoas, quadriceps and knees. Corrects postural and body alignment problems.
- Aligns placing of the knee and foot on the floor. Soles should be as close to the opposite knee when completing the twist.
- Great for working people on their desk for long hours.
- Brings spiritual environment, realizing self-esteem.
- Therapeutic for people suffering from leukemia.

LIMITATIONS

Those who have undergone any recent hip injury or replacement or any hip-pain when rotating the hip/knee inward, avoid this. Be aware of the internal hip rotation and avoid the dynamic movements.

NO COMPROMISES WITH HUMAN DIGNITY

RUBINATIONS
Rubi Chakravarti
Writer, actor and funny girl

MY ooru is still a small town with big city hang-ups. That's not necessarily a bad thing but sometimes it can get confusing. For instance, if one wanted to travel a distance of 10 km, it could take anywhere from 20 minutes to two hours, depending on the time of the day and the state of the roads! Even smaller towns boast of better roads. The genteel 'Bengalurukars', don't dare protest a corrupt system and proceed to vent their ire on fellow motorists, pedestrians or stray dogs! Every day there is some gory news on social media about stray dogs being mauled, eviscerated and generally done away with in the cruellest manner.

But still, invitations for openings and events call one at an early hour (6.30pm onwards) which literally means one has to leave their place of work or home with a two hour margin at least. These complaints only come from the party weary CBD dwellers. The extra-enthusiastic (irrelevant) cutlets travel from near Devanahalli airport to attend an event/party that is happening one-stop before Athibele! They probably leave their homes on the previous day so that they are on time! Such is the power of FOMO (fear of missing out) and the pull of the (free) liquor served at the bar.

Arlene Pinto & Sapna Taneja

Nihal & Aishwarya Saldanha with Jeanne Saldanha

With the recent shenanigans playing out amongst civilised folk in the city, and the complicity of silence that shrouds it, I have decided to attend events, parties and the like where I am comfortable. Call me an elitist if you like, but it's better to be safe than sorry. It is the moral and social responsibility of the host to protect their guests from verbal or physical assault. Just because the genuine Bangalorean is afraid to create a scene and prefers not to be a cynosure, some people must not think that they can get away with uncivilised behaviour. The 'fraud' in the carefully invented persona tends to wear thin after some time. To be forewarned is to be forearmed.

It's wonderful to lunch with a gaggle of equally happy and uncomplicated ladies. This time it was at the newly launched 'F Cafe & Bar'. There is something so decadent about taking off from work and quaffing some fabulous cocktails and eating some delicious pub-grub and mains. The service was impeccable and it looked like the wait staff enjoyed having us there as much as we enjoyed being there. The elegant owner Anita Subbarasu made sure we had a great time.

My dear friend Jeanne celebrated her son Nihal's wedding to his fellow classmate and architect Aishwarya in great style. I have known Nihal since he was a little boy and it warmed the cockles of my heart to see him as this tall strapping bridegroom. The Taj, MG Road overflowed with well-wishers, friends and family. Jeanne is an empowering friend to have in your corner. There was nary a dry eye in the room as the couple danced to their favourite love-song... Sigh!

Since I am not attending restaurant launches to have drinks spilled by inebriated people, I did a little reconnaissance of the restaurant 'Sly Granny' at the Rex Mall with a clutch of my 'dignified' friends. The food didn't disappoint and we had ourselves a jolly afternoon.

Life can be good if the ambiance is distinguished.

INSPIRATIONAL TAKE ON A GRITTY PURSUIT

TANUJA

Cast: Saptha Pavoor, Rajesh Nataranga, and Sandhya Arakere

Director: Harish MD Halli

RATING 3/5

A SHARADHAA

THE year 2020 was unusually abominable. Covid forced shockingly unwelcome events, but it also revealed the grit and empathy of mankind. One such incident came to the notice of state award-winning director, Harish MD Halli, when he read about the determination of a young girl from Shikaripura to try and fulfill her ambition. With *Tanuja*, he has succeeded in sensitively bringing out true facets of struggles, motivation, compassion, failure, and eventual success, turning it into an inspirational work coming from true events.

The story revolves around Tanuja, a farmer's daughter who aspires to become a doctor, and her struggle to write the NEET exams amid Covid-19 restrictions. Getting motivation and support from her mother (Sandhya Arakere) and teacher (Rajesh Nataranga), and timely help from the bureaucracy, Chief Minister and Health Minister, she succeeds in getting her hall ticket cleared.

But Tanuja has to travel from Shikaripura to National College, Bengaluru. Will she make it to the examination on time? Tells the roller-coaster ride.

Harish had a solid story ready in his hands and the only challenge he had was to execute it with sensibility and subtlety, and he succeeds in his honest attempt. The director, who found the right set of star cast in the form of Saptha Pavoor and Rajesh Nataranga also adds authenticity by bringing in former Chief Minister, BS Yediyurappa, Minister Dr. K Sudhakar, and journalist Vishweshwar Bhat, to play themselves on screen. The director has retained the originality of the story and shot the sequences in the same place where the incidents had taken place before.

Saptha Pavoor's genuine efforts help us understand the struggle of Tanuja and he is ably supported by Sandhya Arakere as well as Rajesh Nataranga. The background score by Pradyothan brings life to the thrilling moments and keeps the tempo high in the travel sequences. DOP Ravindranath captures some exemplary aerial views at the same time capturing the emotional sequences well.

The story of *Tanuja* is for every household and the film comfortably adds to the list of inspirational movies in the language. Tanuja is now enrolled at Belagaum University, studying medicine.

Pioneer DJ

Anurag Kashyap's Gen-Z romance deserves a shrug emoji

SHILAJIT MITRA

ALMOST PYAAR WITH DJ MOHABBAT

Director: Anurag Kashyap

Cast: Karan Mehta, Alaya F, Vicky Kaushal, Mallika Prasad Sinha

A lot is conveyed by how Anurag Kashyap directs the two chase sequences in *Almost Pyaar* with DJ Mohabbat. They feel brisk but truncated: a character tries to escape, succeeds. Much later in the film, he tries again but fails, tragically. As simple as that. No complicated tracking shots through rows of buzzing traffic. Anurag is denying his fans the protracted comic pursuits of *Black Friday* and *Gangs of Wasseypur Part II*. It's like he knows there is no point delaying a losing game.

The runner, and loser, is Yakub (debutant Karan Mehta). He's a Muslim lad in love with a Hindu girl, Amrita (Alaya F), a schoolgirl he tails on her morning route and later catches up with to make goofy videos. Naturally, a few of these go viral. Amrita's folks — who hold some power over their small-town of Dalhousie — aren't pleased with their friendship. They learn of Yakub's plans of taking Amrita to a music concert near Manali. "You're grounded," declares her stern, ape-like brother. But Yakub shows up, steals said brother's bike and wallet, and, heedless of the consequences, runs off with Amrita.

One of Anurag's oldest contemporaries is director Imtiaz Ali. They've been friends for years — though now, finally, the cross-influences are starting to show. Almost Pyaar often feels like Imtiaz Ali hooch in an Anurag Kashyap bottle. *The Dalhousie* storyline is juxtaposed with a similarly youthful one in London. The main characters all look like each other (a very Imtiaz Ali thing to do). Harmeet (also played by Karan Mehta) is a shy, taciturn DJ at an uptown club. Ayesha (also Alaya F) is a pushy Pakistani heiress. "I'm 18, you know," she tells him assertively — a mix of urgency, directness and guile characteristic of both the directors' heroines.

Is Harmeet the titular DJ of the title? Negative. That would be Vicky Kaushal, cameo-ing as a podcaster and itinerant pop idol. His musings on love — he cites Gulzar at one point — help us unpick the knots our protagonists tie themselves in emotionally. Anurag has said the film was inspired by conversations with his 22-year-old daughter. More than saying anything truly revelatory about Gen-Z, the film reveals how the writer-director views his target audience. The young lovers of Almost Pyaar are seen as rudderless and entitled, cloistered beings obsessed with music and content creation. Yakub is the poorest – and most disenfranchised — yet it takes him a while to see the raw mathematics of his decisions. Ayesha is the other extreme, a rich girl so driven and impulsive she can't take a hint.

The Yakub-Amrita story is the most resonant. The hopefulness of the characters is at sharp, incriminating odds with their socio-political milieu. Anurag is in fine form here; no director maps the spread of communalism and bigotry in contemporary India with more deftness and insight. Acting on a complaint, early on, the cops pick up Yakub and impound his scooter. His father is threatened and harassed. There are allegations of 'Love Jihad'—the word 'Mohabbat', at one point, is confused for 'Mohammad'. Amrita's grandmother sweetly tells Yakub that she is a Hindu since birth. "What a coincidence," he responds. "I'm a Muslim since birth too!" The benign grandma cliché is subverted later on when an elderly woman turns them out after discovering he is Muslim.

This cynicism of context is not shared by the filmmaking. *Dev D* (2009) was smart and sardonic and oozing with style. *Almost Pyaar,* by contrast, proceeds with the tentativeness of an 18-year-old. Sylvester Fonseca's frames are patient and reserved; even in the nightclub scenes, he doesn't try anything fancy. Amit Trivedi — who shot to fame with *Dev D* — can't weave the same magic here, though I enjoyed the heavily Punjabi beats of 'Tabah Tabah'. The hardest gig, however, belongs to lyricist Shellee, who has the unenviable task of matching 'Connection', 'Kardashian' and 'Constitution'.

RATING 2/5

Like the song 'Netflix & Chill', *Almost Pyaar* is driven by a need to speak the language of today. Airpods, VR headsets, blue ticks, Instagram — almost everything gets a nod. Ayesha's parents are feuding and unfaithful; much of her neediness is defined by this pain. Harmeet, meanwhile, is like those millions of NRIs who grow up obsessed with desi culture and wish to visit India someday. Anurag clearly views Gen Zers as a global tribe, even as his own influences are strikingly Indian. By the time Yukub and Amrita are bunking down in the woods, I wasn't thinking of Euphoria. I was thinking of *Qayamat Se Qayamat Tak* (1988).

Ellie Bamber to portray Kate Moss in Moss & Freud

CE FEATURES

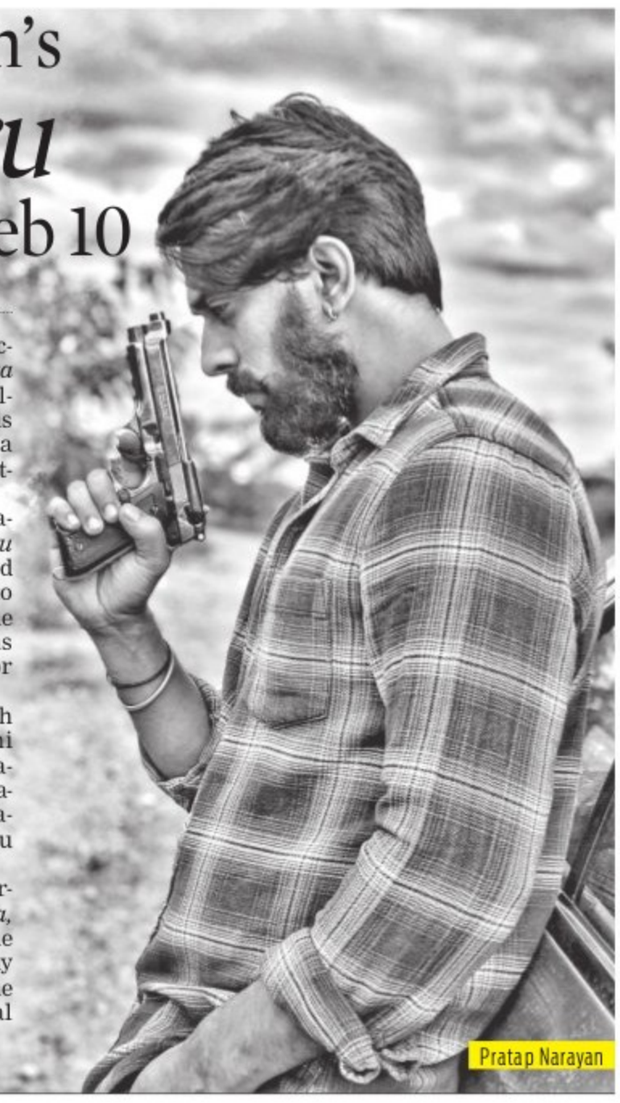
ELLIE Bamber, who was last seen in *Willow* and *The Serpent,* is set to portray the role of supermodel Kate Moss in the upcoming biopic *Moss & Freud*. The biopic is written and directed by Oscar-winner James Lucas who won the live-action short film Oscar for *The Phone Call*.

In *Moss and Freud,* James Lucas is set to portray the period in 2002 when Moss, at the peak of her fame (also fully pregnant) chose to sit nude for famed British artist Lucian Freud. It was a decision that deeply impacted the two and the painting eventually sold in 2005 for almost $5 million.

Murder of the Orient Express star and Oscar-nominee Derek Jacobi will be playing Freud in the film. Kate Moss will executive produce with the support of the Lucian Freud Archive. The story opens up to Freud's mysterious past and Moss' life as a globally recognised supermodel. Moss & Freud is set around Freud's Holland Park Studio and London in the heady days of early 2000s Britain.

Ellie Bamber recently completed filming Amazon's *LGBTQ+ romance Red, White* and *Royal Blue,* and the much-anticipated *Barbie*.

Pratap Narayan's *Uthamaru* to release on Feb 10



Pratap Narayan

CE FEATURES

PRATAP Narayan, the *Benki* Patna actor, who was last seen in *Onthara Banna* (2019) is now back on the silver screen after 4 years, with his next film, *Uthamaru*. Billed to be a gangster drama, the film is directed, written and shot by Rohith Srinivas.

The film is now ready to hit the theatres next week on February 10. "*Uthamaru* revolves around Satya, whose life is filled with accidental surprises, that drags to him to new heights. The consequences he faces and its impact on his family forms the rest of the film," says director Rohith.

Uthamaru has music by RS Ganesh Narayan and lyrics by Jayanth Kaikini and Arasu Anthare. The film also features Rangayana Raghu, K.S.Sridhar, Balaa Rajwadi, Kaddipudi Chandru, Raghuram, Pallavi Mohanraju, and Bindu Raxidhi among others in pivotal roles.

Pratap Narayan is eagerly looking forward to the release of his next, *Hoysala,* which is slated to release on March 30. The commercial entertainer stars Dhananajay as the lead, and has Prathap be playing the antagonist in Vijay N's directorial produced by KRG Studios banner.

Octavia Spencer, Lucy Liu and Joseph Gordon-Levitt to headline *Nobody Nothing Nowhere*

CE FEATURES

ACADEMY award winner Octavia Spencer, Emmy winner Joseph Gordon-Levitt, and Emmy nominee Lucy Liu are to headline the 2018 Blacklist and Sundance Screenwriter Labs original screenplay *Nobody Nothing Nowhere*.

Writers Rachel Wolther and Alex H Fischer will be directing their screenplay with Josh Penn, Michael Gottwald and Allison Rose Carter producing the film.

Nobody Nothing Nowhere is a high-concept sci-fi comedy film. It centres around Ruth, who is a part of a group of human-like beings known as Non-People. The Non-People's only goal is to fill the gaps in a realistic world for Dave- the only remaining actual human on Earth. Ruth is sick of her long life as a background character with no choice. She soon demands a free life of her own free from Dave.

Rachel Wolther, who has so far only written and directed short films, will have her debut as a feature director with *Nobody Nothing Nowhere*. Alex Fischer has directed one feature, titled *Save Yourselves!* starring Sunita Mani in the lead.

GET READY TO EXPERIENCE BLACK MAGIC WITH *SAKUCHI*

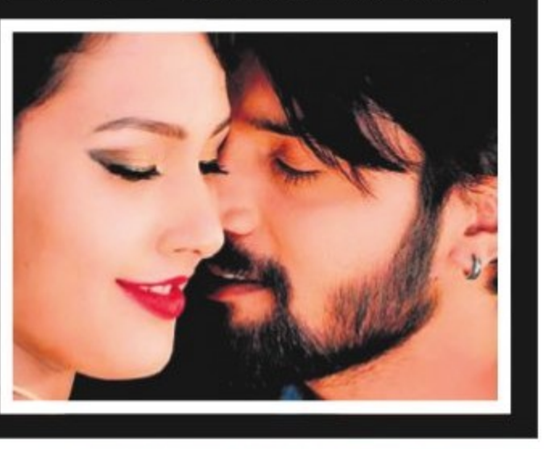
The film directed by Ashok S hit the theatres on Feb 17

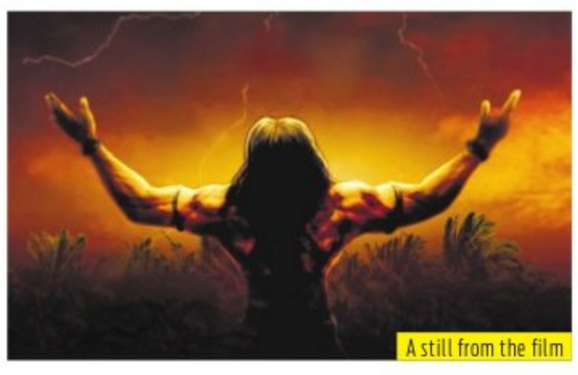
CE FEATURES

ASHOK S's directorial *Sakuchi* has got a release date. The film, which explores black magic in detail will be narrated as a romantic drama and it will hit the theatres on February 17. Interestingly, the film is based on a true incident, which was experienced by the director himself.

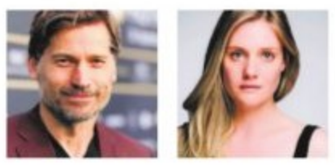
The film is produced by Ashwin BC, along with Madhukar J and Mahaveer. The trailer was unveiled at a grand event recently. Model-turned-actor, Trivikrama, who has also worked in teleserials like Navarathna and *Ranganayaki* plays the lead role and Diana Mary plays the female lead.

Sakuchi also has Sumana Rao and Manjunath Rao as a part of the cast. The album for *Sakuchi* is composed by Ganesh Govindaswamy and has cinematography by Anand Sundaresha.





A still from the film



Nikolaj Waldau, Romola Garai to headline *Virtue*

CE FEATURES

ACTORS Nikolaj Coster-Waldau and Romola Garai will be heading the gothic horror film *Virtue*. Directed by Joanna Coates, the film is written by Sam Hoare. Joanna Coates has won the Michael Powell award for best British feature at the Edinburgh Film Festival for her film *Hide & Seek*.

Virtue, set in the 1350s, will feature Nikolaj as Sir Peter, a heroic knight who returns after years abroad at war, back home with his teenage son and his companions. They come back only to find their homeland ravaged by plague, and ruled by social unrest superstition and fear. Sir Peter vows to rescue Fraya, played by Romola, the latest villager to vanish into the haunted forest that the locals are terrified of. He embarks on this quest to re-establish his name and authority in the eyes of his people.
